

## ACCESSING THE SCHOOLGY MOBILE APP

Schoology has a free mobile app available for use. To access the Schoology app, you will login with portal credentials. Do not create an account with Schoology, as you are already set up with your CSU Global Account. To access the Schoology Mobile App, follow the steps outlined below.

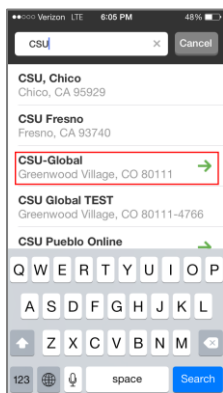

1. From your mobile device, tap the **Schoology App**.

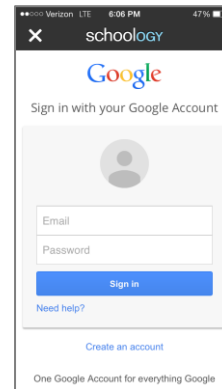

2. Tap **Username Login**.

3. In the **Select School** field, start typing **CSU-Global**. You should see the school appear in the list. Select **CSU-Global** from the list.

4. You will be redirected to the portal login screen. Enter your credentials just as you would for the main portal ([firstname.lastname@csuglobal.edu](mailto:firstname.lastname@csuglobal.edu)), and then tap **Sign in**.

5. Once you enter your portal credentials, you will be redirected to the main page in Schoology.
