Subject: Public Input Survey and Final Policy Statement

Good morning,

First, attached is a draft of a survey we plan to distribute to Oak Parkers to get feedback on Bike Boulevards and Bike Share. The goal of the survey is to learn about the destinations people would like to visit by bike (either using bike share or on bike boulevards) in Oak Park, to understand people's preferences for bike facilities, and to get a sense of the number of people who would sign up for bike share if it were to come to Oak Park.

We would love your feedback on it, but have a quick turnaround as we would like it to go live for Earth Fest on Saturday. If you could, **please get us your comments no later than Thursday, April 24**. Once it's finalized, we will use Survey Monkey to distribute the survey at Earth Fest, A Day in our Village, during the Commission meetings, and we will also distribute it to the members of Active Trans who live in Oak Park. If you have other suggestions for survey dissemination, please let us know.

In addition to the survey during Earth Fest, we will have a map available for residents to mark where they live and where they want to go by bike and we will distribute educational handouts on bike share and on bike boulevards.

Second, we wanted to get a final ok on the draft policy statement that will be shared at the two Commission meetings. If there are no further comments, we'll assume it is ready to send to the Plan Commission this week. I've attached it once again to this email for quick reference.

Thanks for taking a look at these documents, and looking forward to Earth Fest on Saturday!
