CONTINUING A PARTNERSHIP RELATIONSHIP
BETWEEN THE PARK DISTRICT OF OAK PARK
AND OAK PARK ELEMENTARY SCHOOL DISTRICT 97
FOR SHARED USE OF FACILITIES
AND COOPERATIVE PLANNING**

approved November 2013

INTRODUCTION

Best Interests of Constituents

School and park areas and public facilities represent a major capital investment, and current demands and taxing capacity emphasize the urgency more than ever for planning and using these facilities for the maximum benefit of the community. Public schools, facilities, parks, and other public open space belong to the people. Because they have coterminous boundaries, it is in the best interests of the Park District of Oak Park, an Illinois park district organized and existing pursuant to the Illinois Park District Code, (the "*Park District*") and Oak Park Elementary School District 97, a public school district organized and existing pursuant to the laws of the State of Illinois, ("*District 97*") and their constituents that they work together to coordinate, integrate, and consolidate the planning, acquisition, development, and general operation of public facilities when basic functions are compatible and a public benefit may be derived. There has been a tradition of excellent cooperation between the Districts, and District 97 and the Park District desire to continue, and to enhance, that tradition.

Mission of the Park District of Oak Park

The mission of the Park District is, "In partnership with the community we enrich lives by providing meaningful experiences through programs, parks, and facilities." The Park District's vision is "to strive to exceed the needs of our diverse community with a collaborative and innovative approach." The Park District's values are: Partnerships, Responsible Leadership, Integrity, Innovation, and Sustainability.

Mission of Oak Park Elementary School District 97

The mission of District 97 is, "to guarantee that each student achieves optimal intellectual growth while developing socially, emotionally, and physically through a system distinguished by: exemplary instruction focused on each student; commitment to the needs of a diverse population; meaningful partnerships with families and the community; celebrations of the power art, music, and language; and confident students challenged to be educational risk-takers." District 97's vision is to be "nationally recognized for preparing students to pursue college and career opportunities through purposeful and respectful learning experiences."

General Statement of Agreement

Although the stated missions of the Park District and District 97 have varied focuses, public investment in our facilities creates a mutually beneficial environment in which to provide quality recreation and education for all the residents of our districts. Therefore the Park District and District 97 strive to afford every opportunity within financial limits to plan, acquire, develop, operate, coordinate, use, and maintain open spaces, recreational, and educational resources, and to provide leadership for the responsible and responsive use of community resources.

The Park District's Board of Commissioners and District 97's Board of Education agree that, through joint efforts, both the Park District and District 97 can contribute to greater public service without relinquishing their separate identities or any of their governing responsibilities. The respective Boards and administrative staff will, therefore, endeavor to follow a policy for the reciprocal planning, acquisition, development, operation, joint planning and maintenance of facilities, programs, and services.

Statement Regarding Park Facilities, Programs, and Services

The Park District Board and the District 97 Board have established that joint planning, acquisition, development, operation, and maintenance of school and park facilities, programs, and services helps the Park District and District 97 achieve optimum public benefit through the responsible use of public facilities and their respective missions.

This agreement necessarily must be flexible; it cannot be considered absolute, but instead must be understood as a frame of reference for evaluation of specific proposals and recommendations as they become available or are explored by the community. The standards set forth in the following Partnership Agreement are intended as a framework for implementing the joint planning concepts while retaining the essential freedom of decision and action of both bodies.

The Districts agree that it is mutually beneficial for them to work together when a Park District and or District 97 facility is being planned. The Districts acknowledge that it will not always be possible for both Districts to undertake renovations or redevelopment of their facilities on a site at the same time, but the Districts agree that cooperation between them on matters of ownership, planning, design, renovation, investment, or redevelopment, and use of sites, when possible, will best and most efficiently serve their constituents. Through coordinated planning, design, and work on renovation, joint planning, or development, the Districts desire to achieve economies of scale and minimization of disruption in the use of their facilities. To that end the Districts will consult fully with each other on their capital plans.
