Hi Guys,

We've discussed the ticketing vs towing policy and decided that setting the precedent of following the written "no parking" signs is important to us.

The signs do say "tow zone", so we will do our best to find vehicle owners the morning of, but our priority thoroughfares of the course will be Lake street, Chicago, and N. Kenilworth. If at all possible, cars should be removed from those majors areas by any means necessary. We can decide tomorrow which vehicles are important to have removed.

Let me know if you have any other questions or concerns.

Patrick Murphy

Patrick,

Good morning. I hope that the race was a success for the community. From your perspective, does the need exist to meet and discuss modifications to the police department plan plan, if any, while still fresh in mind?

Thank you,
Joe

Hi Joe,

Overall the race was a success and we felt that than any hiccups we saw throughout the day we were able to troubleshoot thanks to the staff of the Park District as well as the Police Department and our volunteers. One issue I have fresh in my mind was the security at Oak Park Ave and Chicago Ave seemed to be lacking according to one of our staff members. We were able to send some of them over there to cover it. Usually this is an intersection covered by Police, so they may have been tending to a more important issue/intersection at that time. We will be having a race evaluation meeting to discuss the event at noon this Thursday the 23rd if you or Sgt. Melton would be interested in attending. It would be great to hear whatever input you may have. Let me know your thoughts, and thank you again for your all assistance!

Patrick
