

Online Competition Scheduling Request

By completing this form, you are requesting Fox Sports Pulse to activate online competitions in Fox Sports Pulse Manager. You now have two options;

- ☐ Activate competitions with no data conversion.
This will remove all historical competition data, membership information will remain. Your database will be unavailable for 24 hours.
- ☐ Convert FIBA Organizer database (5 – 12 days)
This option is much more complex and requires you to submit your existing FIBA Organizer database to Fox Sports Pulse for conversion. Your historical competition will then be available online. This process can take up to 3 weeks, with your database not available for the last 5 working days of this process.

Once the conversion process commences or online competitions are activated you are no longer able to use FIBA Organizer and it should be uninstalled. Completing a member synch at this time can have serious consequences. Please complete the information below:

Association Name

Contact Name

Contact Phone

Contact Email*

To access your database you need a FSP Passport Account, the FSP Passport Account must be linked to this email address.

Number of competitions in your FIBA Organizer database

Please note, this should also include all competitions for previous seasons that are in your database.

Requested conversion dates:

Basketball Australia will now notify you of the estimated date of scheduling for your conversion to Online Competitions. Basketball Australia will also provide details of when your database, along with the 'Conversion Checklist & Agreement' form, is required to be returned to Basketball Australia.

Please return this completed form to: participate@basketball.net.au
