Lender Insight—Issue #9 Publishes

Today, the Federal Housing Administration (FHA) Office of Single Family Housing is pleased to announce the publication of its 9th issue its *Lender Insight* newsletter. This issue focuses on:

- Paperless Post Endorsement Technical Review Findings;
- Quarterly Review Findings; as well as,
- Various topics of interest in the, “In the Spotlight” section.

The goal of *Lender Insight* is to provide lenders with up-to-date information about what FHA is seeing in lender approval, recertification, monitoring and compliance, and enforcement. Each issue contains core information designed to help our lenders better understand the trends and policies that affect their business. The newsletter is distributed to our lenders and other interested parties via FHA’s Single Family Housing Industry (FHA INFO) email list.

The “In the Spotlight” section focuses on file documentation, processing mergers and acquisitions, lender recertification activities, and a notice to lenders to keep their administrative contact information updated.

To view *Lender Insight* Issue #9, click the link to the [Lender Insight page](#) on HUD.gov. Past editions of both *Lender Insight* and the updated Quarterly Loan Review Findings Report are available on FHA’s Lender page at: www.hud.gov/lenders under the “Performance” tab.

If you would like to receive the newsletter—but are not on the email distribution list—please visit the [Sign Up for FHA Homeownership Update](#) web page to subscribe.

Electronic Appraisal Delivery Portal Onboarding Phase Delayed

To ensure that mortgagees have the smoothest possible experience when registering for the Electronic Appraisal Delivery (EAD) portal onboarding phase, the Federal Housing Administration (FHA) continues to delay the opening of the registration capability in FHA Connection (FHAC). As FHA continues working to restore the registration capability, mortgagees will be unable to register for an onboarding phase.

FHA will notify mortgagees and other stakeholders when the onboarding phase registration capability is available in FHAC.
