

# Assessing Risk of Future Harm

## Agenda

### **SECTION I: ASSESSING STRENGTHS, NEEDS, AND RISK (75 minutes)**

Participants will:

- Be introduced to one another and the trainer
- Identify their learning needs specific to this lab
- Identify interviewing and engagement strategies to use to assess family strengths and needs and risk of future harm

### **SECTION II: INTERVIEWING TO ASSESS RISK OF FUTURE HARM (90 minutes)**

Participants will:

- Use engagement strategies and interviewing skills to gather information necessary to assess risk of future harm.
- Use the seven steps of critical thinking to assess risk of future harm.
- Develop interview questions to gather information about risk of future harm.

### **SECTION III: PRACTICING DOCUMENTING THE ASSESSMENT OF RISK (2 hours 45 minutes)**

Participants will:

- Document the assessment of risk in the appropriate fields in SACWIS.

### **Section IV: Transfer of Learning and Close of Lab (30 Minutes)**

Participants will:

- Identify strategies to promote the transfer of learning to their work.
