## 1 Introduction

Electronic valuations (sometimes called Contract Enquiries or real-time valuations), allow a user, via their back office system, to obtain up to the minute valuations from product providers. By avoiding the need to contact the provider direct, users can save a significant amount of time and resource by simply exchanging data electronically.

Contract Enquiry enables electronic updates of funds and units from the product provider's database directly into your back office system, Client Care Desktop (CCD). A message is sent from your system to the provider that contains the contract details you wish to enquire about. A message is sent back from the provider supplying the details the message requested. For most providers this is the current assets that the contract is investing in and the number of units held (allocation) as well as the current price of those units. Some providers are also able to deliver additional details, such as transfer and surrender value, and where available these are used to update the holding record within CCD.

If the message you send to the provider is incomplete or inaccurate (for example if there is a mismatch with the data you have sent to the provider and the information they hold on their system) a failure message will be returned detailing the issue. It is therefore vitally important that the data you hold in CCD is accurate, as without the correct name of the client, the correct policy number or an accurate date of birth and National Insurance number (in some cases) the message will fail.

An added bonus is also the availability of the service, as most providers will offer the service outside of normal business hours, seven days a week, allowing the user to service their clients at times convenient to them. Servicing hours vary dependant on the provider.

The information requested and the message received has been defined by the Origo Standards committee to insure both quality and consistency of data.

### 1.1 Contract Enquiry within CCD

Although automated valuations have been available from a number of product providers for some time, CCD offers users three essential differences; Scheduled valuations, Batch processing of valuations and the ability to import valuations via a spreadsheet where automatic contract enquiry is not available.

Scheduled valuations can be set up so that valuations are obtained in advance of regular client reviews or to meet regular valuation commitments. The scheduling facility is easy to use and accommodates differing periods between valuations. In short, the system does the job of determining when valuations are required and each day presents a batch of cases that need to be updated. And that's where batch processing comes in.

Batch processing avoids the need for users to process valuations electronically on an individual basis. CCD processes the batch of valuations, and provides real time feedback to the user about progress, success and valuation failure. All of this is done 'in the background' and via a separate software 'window' which allows users to continue with their work, unaffected by the processing of what could be thousands of valuation updates.

When all valuations in the batch have been successfully completed, the user is alerted and invited to complete the update so that the client's files are updated. Any errors are summarised and can be printed so that investigation can be undertaken to rectify the problems.

Coupled with the ability to produce individual Contract Enquiry requests on demand, these solutions offer users the ability to really take control of the automated valuations and decide when they wish to receive the information.

## 1. Initial Setup

In order to take advantage of the Contract Enquiry functionality, a number of steps must first be completed before the service can be activated.

### 2.1 Agency Information

Before a user can register for Contract Enquiry services with providers, they must have the correct agency numbers ready in order to complete the provider's registration details. Incorrect agency records will mean that users will not be permitted to request and receive Contract Enquiry messages.

You should contact the provider direct to ensure you understand their policy regarding agency numbers if you are:

- A network member and submit business under the network's agency rather than your own
- You have more than one agency number for a single product provider
- You have more than one registered company (set up as locations) on a single CCD database

This is important otherwise you could go through the whole process of setting up the service only to find that you are unable to use it due to your agency structure. Consolidation of agencies is sometimes the only way to ensure that you are able to use Contract Enquiry with some providers and this is outside of Capita Financial Software's control. Please discuss this with your provider representative if you are in any way unclear.

### 2.2 Unipass Digital Certificates

In order to gain access to secure information on the internet, many providers will issue a username and password normally obtained from their IFA extranet site. However, an increasing number of firms require the use of a digital certificate before they will give access to security sensitive information.

Digital certificates provide added security for both the user and the providers sending the secure information. Once a user has their individual certificate registered on their own computer, it can be used multiple times and saves the need for re-registration with a number of firms.

In order to obtain a digital certificate, users must complete a registration form, which details both their own individual information and the firm for which they work. Registration details can be obtained online from <https://www.unipass.co.uk/Pages/Home.aspx> or by calling 0871 22 12345. Once a firm is registered with Unipass, individuals can make requests for digital certificates to be issued. Unipass will confirm the identity of the individual and confirm that permission may be granted by contacting a member of the firm. Once the confirmation has been completed the individual certificate will be issued.

Unipass has been created specifically for financial advisers and is a free service controlled by Origo Secure Internet Services (OSIS). The digital certificate gives each user a unique online identity.

The certificates are unique to each machine, therefore if more than one user needs to access Contract Enquiry, then they will each need to register their machine with a digital certificate (if they are using those companies that require a digital certificate).

## 2.3 Contract Enquiry setup within CCD

From your task bar tray, double click on the 'Ce' shortcut icon.

This will display the Quay Contract Enquiry Utility screen.

A screenshot of the 'Contract Enquiry Utility' application window. The title bar says 'Ce Contract Enquiry Utility'. The menu bar includes 'File', 'Settings', 'Tools', and 'Help'. The main area has the 'CAPITA FINANCIAL SOFTWARE' logo and the title 'Contract enquiry'. Below this are several input fields: 'Provider:' with a dropdown menu showing 'Skandia-Life'; 'Product Type:' with a dropdown menu showing 'Investment Bond'; 'Product Sub Type:' with a dropdown menu showing 'Unit Linked Bond'; and 'Contract Reference:' with an empty text box. There are two checkboxes for 'Output Results to:': 'Browser' (unchecked) and 'CCD' (checked). Below these is a 'Providers Response:' section with a large empty text area and a blue link 'Request Valuation'.

### Intermediary Details

Click on the settings menu and select intermediary details. This loads the screen shown below.

A screenshot of the 'Intermediary Details' application window. The title bar says 'Intermediary Details'. The main area has a section titled 'Intermediary Details' with three input fields: 'Company Name:' with the text 'Evaluation System'; 'FSA Firm Ref No:' with the text '12345'; and 'Postcode:' with the text 'PO14 7AY'. At the bottom right are two buttons: 'Save' and 'Exit'.

Please complete the details requested and enter the firm's FSA Firm Reference Number (FRN).

If you have more than one registered company on a single CCD database it is worth discussing this with the provider you wish to work with, as it may not be possible to use Contract Enquiry in this instance.

# CAPITA

## Provider Details

Click on the settings menu and select provider settings. From this window each of the individual providers can be registered.

Select a Provider from the list below and the Authentication Method panel will change to reflect the options offered by the Provider.

Providers	Authentication Method
Fidelity	Unset
Fidelity FundsNetwork	Unset
Legal & General	Unset
Prudential	Unset
Scottish Mutual	Unset
Scottish Widows	Unset
SELESTIA	Unset
Skandia Investment Solutions	Unset
<b>Skandia-Life</b>	<b>Logon Details</b>
Standard Life Assurance Company	Unset

**Skandia-Life Authentication Methods**

☒ Logon Details ☐ Certificate

**Skandia-Life Authentication Details**

User Name:

Password:

Save Exit

Providers that are live with Capita Financial Software will appear in the list and when selected will display the credentials required in order to sign up for the appropriate provider.

Typically this will mean that the user will either have to complete the username and password or select the Digital Certificate that is required (some providers allow users to choose). See section 3, Provider registration, for full details.

## Proxy Server

If a user is accessing the internet via a proxy server, then the information about the server must be entered under the proxy server area within the settings menu.

## Digital Certificate

In order to check the digital certificates loaded on each machine users can access the certificate browser via the tools menu within the Contract Enquiry Utility screen. The browser displays details of all of the certificates currently loaded.

## 2. Provider Registration

Once the initial setup has been completed, the next step is to register with each product provider.

Registration details differ for each provider. Some will only require one individual to register on behalf of their firm, whereas others require each individual user to register. The majority of applications can be completed online and access granted within the same day, although some firms will post the access details.

This section provides a summary of the providers currently supported and details the registration requirements and information for each provider.

## 3.1 Provider Overview Table

This grid provides an overview of the current Contract Enquiry providers and messages supported.

Contract Enquiry providers	Products areas	Individual or bulk	Min. CCD version	Fund codes used	Provider codes supported

## 3.2 Aegon

Support contact	08456 100001	
Web address	<a href="http://www.aegonse.co.uk">www.aegonse.co.uk</a>	
Accessibility	Unipass certificate	
Registration details	Auto registration process that registers the whole firm the first time anybody from that firm uses the service	
Products supported	Individual pensions Group pensions Investment bonds	
Service availability	24 hours	
Contract number format	Aegon contract numbers consist of 7 digits. The Aegon system will cope with various prefixes, ignoring leading zeroes, spaces and the character group 'UP/'. In these instances the contract will be valued and the contract number returned will match that supplied.	
Valuation types supported	Current for pensions	Current and surrender for bonds
Fund codes returned	Provider specific	

## 3.3 Aviva

Support contact	0845 309 3999 (available 08:30 – 17:30 Monday to Friday) <a href="mailto:ecsd@aviva.co.uk">ecsd@aviva.co.uk</a>	
Web address	<a href="http://www.aviva.co.uk/adviser">www.aviva.co.uk/adviser</a>	
Accessibility	Online Account Number (OAN) and Password (PIN)	
Registration details	<p>To begin receiving automated valuations you must have registered for an Online Account Number (OAN) on the Aviva for Advisers site. If you are using a UNIPASS digital certificate this must also be registered with Aviva.</p> <p><b>Registering for a Aviva Online Account Number (OAN)</b></p> <ul style="list-style-type: none"> <li>• Go to <a href="http://www.aviva.co.uk/adviser">www.aviva.co.uk/adviser</a></li> <li>• Click 'Register', Click 'Register as an Intermediary'</li> <li>• Complete user details requested on-screen. If you require help with the form or your Aviva agency code please contact our Agency Team on 0845 9000 819. Click on 'Next' and you will be invited to review the details you have input.</li> <li>• If you are satisfied with what you see, select the tick box to agree and then click 'submit'. (Should you wish to change anything, you can do this by clicking on 'make changes' next to the section you wish to amend.)</li> <li>• Your registration is now complete and you will see a thank you note displayed. Aviva will contact you shortly by post, usually within two working days, to confirm that your account has been activated.</li> </ul> <p><b>Linking your UNIPASS with Aviva</b></p> <ul style="list-style-type: none"> <li>• Go to <a href="http://www.aviva.co.uk/adviser">www.aviva.co.uk/adviser</a></li> <li>• On the home page click 'Log in' on the top right.</li> <li>• Click 'Unipass Login'</li> <li>• Select your Unipass if you have more than one then click 'OK'.</li> <li>• Enter in your OAN &amp; PIN</li> <li>• Click 'Next'</li> <li>• You are now linked up</li> </ul>	
Products supported	Individual and group pensions Investment bonds	
Service availability	07:30 – 20:00 Monday to Friday, 08:00 – 16:00 Saturday	
Contract number format	<p>nnnnnnnxx – a 7 numeric characters with a 2 alpha character suffix            xxnnnnnnnn – a 2 alpha character prefix with 8 numeric characters            The policy number should not contain spaces or /- characters.            No pension scheme numbers, the service uses the member policy number.</p>	
Valuation types supported	Current and transfer for pensions	Current and surrender for bonds
Fund codes returned	Provider specific	
Notes	<p>The OAN is initially only linked to one agency code. If this is a 'master' agency code, full access will be granted. If any 'sub' agency code is used at registration, users will only have access to contracts written through that agency code. <a href="#">See Appendix A</a> for further details.</p>	

## 3.4 AXA Wealth (Previously Winterthur)

Support contact	0845 129 9993
Web address	<a href="http://www.axawealth.co.uk/">www.axawealth.co.uk/</a>
Registration details	<p>Please login to the adviser area on the AXA Wealth website and follow the steps below.</p> <p>If you are currently registered to use AXA Wealth's range of online adviser services, you will already have the necessary username and password set up on your back office system. However, there are a few further steps which you need to complete before you are able to use this service for the first time.</p> <ol style="list-style-type: none"> <li>1. Sign and return our terms of business form</li> <li>2. Accept our online terms and conditions</li> <li>3. Change your password (if you registered to the site more than 90 days ago)</li> <li>4. Input your AXA Wealth login details into your back office system and follow the instructions</li> </ol> <p>Once these steps have been completed, you will be able to access the valuation service.</p>
Accessibility	Username and password
Products supported	Pensions and bonds
Service availability	08:00 – 22:00 Monday to Saturday 10:00 – 16:00 Sunday
Contract number format	All policy numbers are 6 digits
Valuation types supported	Current
Fund codes returned	Provider specific

## 3.5 Canada Life

Support contact	0845 365 3456 (available 09:00 – 17:00 Monday to Friday)	
Web address	<a href="http://www.canadalife.co.uk/ifa">http://www.canadalife.co.uk/ifa</a>	
Accessibility	Unipass certificate	
Registration details	<p>To register your UNIPASS with Canada Life &amp; Canada Life International, go to: <a href="http://www.canadalife.co.uk/ifa">http://www.canadalife.co.uk/ifa</a></p> <p>Click on '<b>Log in or Register</b>' seen in red font in the top right hand corner of the home page.</p> <p>Under '<b>First Time User</b>' click '<b>Register with Unipass</b>'</p> <p>Read and accept the '<b>Terms and Conditions</b>'</p> <p>The system will pull through your details from your UNIPASS certificate. You will need to complete the online registration form and select '<b>Submit</b>'.</p> <p>Once you have done this – a member of our Portal Support Team or your Central Administrator will contact you to finalise your registration request.</p>	
Products supported	Bonds Pensions Endowments	
Service availability	07:00 - 24:00 (GMT) Monday to Sunday	
Contract number format	<p>Please note examples of policy number variations below: -</p> <ul style="list-style-type: none"> <li>• ANNNNNNN</li> <li>• ANNNNNN</li> <li>• NNNNNNN</li> </ul> <p>A = Alphanumeric Character N = Numeric Character</p>	
Valuation types supported	Current and transfer for pensions	Current and surrender for bonds and endowments
Fund codes returned	SEDOL where available. If the fund does not have a SEDOL code, a provider specific code will be returned.	
Notes	If you have already registered your Unipass certificate on the Canada Life Adviser zone, there is no need to register again but do ensure roles & agency numbers have been properly applied to your profile by your Administrator to ensure successful valuation requests.	

## 3.6 Clerical Medical

Support contact	0845 609 2233 option 2 (available 08:30 - 17.30 Monday to Friday)	
Web address	<a href="http://www.scottishwidows.co.uk/extranet">www.scottishwidows.co.uk/extranet</a>	
Accessibility	Unipass certificate or username and password	
Registration details	<p>You need to set up <a href="#">terms of business</a> with Clerical Medical before you can register for e-Services. The easiest way to register for our e-Services is with a Unipass Digital Certificate.</p> <ol style="list-style-type: none"> <li>1. Go to <a href="http://www.unipass.co.uk">www.unipass.co.uk</a> and click on 'Apply now'. It will only take a few minutes to apply and your new Unipass certificate is usually available within 1-2 working days.</li> <li>2. Once you get your Unipass or if you already have a Unipass certificate, you just need to register via our website <a href="http://www.scottishwidows.co.uk/extranet/servicing/login_register.html">http://www.scottishwidows.co.uk/extranet/servicing/login_register.html</a>. Click on 'register' under Clerical Medical and then 'Register your Unipass with us'. You'll need to accept our <a href="#">terms and conditions</a> and answer a couple of questions to register your certificate with us and access our e-Services. We recommend registering for our e-Services with Unipass; it's safe, secure and easy to use. If you'd prefer not to use Unipass, you can still create a username and password to access our e-Services. To do this, read and accept our <a href="#">terms &amp; conditions</a> and follow the simple on screen instructions. You'll then need to complete and return our <a href="#">e-Services registration form</a> to register</li> </ol>

Registration details	Go to <a href="http://www.zurich.co.uk/zurichintermediary">www.zurich.co.uk/zurichintermediary</a> . Select one of the Login/register links, select the link 'Register Unipass', you will be prompted to select your UNIPASS certificate, which will take you to the registration page that has already been completed for you with the details on your UNIPASS certificate. Once you submit this registration form, you will get immediate access to the website. Once registered with the website, you will need to go to the 'my profile' tab and select the upgrade button, select your role, and then enter your agency code. Once this has been completed, you will need to close the website window and log back in and you will have immediate access to our Online services.	
Accessibility	Unipass certificate	
Products supported	Individual Personal Pension Free Standing AVC Appropriate Personal Pension Scheme Group Personal Pension Executive Pension Occupational Scheme – Defined Contribution Income Drawdown Investment Bond	Unit Linked Bond ISA / Cash ISA ISA / Stocks & Shares ISA Maxi ISA Mini ISA ISA Transfer PEP Unit Trust
Service availability	24 hours	
Contract number format	To access Zurich pensions you must insert a plan number in the following format. (00000001 to 59999999) or (70000000 to 89999999) or Pnnnnn-AAA-AAA, ensure leading zeroes are input. Where: n = a number A = a number or letter. Replace the last three characters of the plan number as follows: P12345-678-two letters becomes P12345-678-001 P30000-100-po1 becomes P30000-100-P01 P12345-100-PB becomes P12345-100-AAA Where AAA is the member id and = P0n or F0n or E0n where n = 1-9.	Sterling bonds plan numbers Sterling bond numbers are in the range 60000000 to 69999999.  Zurich (ex-Eagle Star) bond plan numbers Zurich bonds are in the range (00000001 to 59999999) or (70000000 to 89999999), ensure leading zeroes are input.  Sterling ISA, PEP, Investments funds plan numbers The plan number is constructed from the first letter of the plan holder surname name followed by '-' followed by a 6 digit number. For example A500013 becomes A-500013.
Valuation types supported	Current and transfer for pensions	Current and surrender for bonds
Fund codes returned	Provider specific	Normally provider specific, but some funds will include SEDOL codes

## 3. Using Contract Enquiry

CCD's functionality allows for various methods of requesting and receiving Contract Enquiry messages.

- Individual Contract Enquiry requests using the Contract Enquiry Utility screen
- Importing individual Contract Enquiry information into the back office system
- Individual Contract Enquiry requests from within CCD
- Scheduled Contract Enquiry requests
- Batch Contract Enquiry requests
- Bulk Downloads

### 4.1 Requesting Individual Valuations Using Contract Enquiry Application

Double click on the **Ce** application icon within the task bar tray. If the Ce icon is not shown in your task bar tray, navigate to **Start > All Programs > Quay Software Solutions > Client Care Desktop > Instant Valuations**.

- 1 Select the Provider, Product Type and Product Sub Type from the dynamic menus that are displayed (menu lists will change depending on the previous option selected).
- 2 Complete the Contract Reference.
- 3 Select the options required;
  - a) Show valuation in browser
  - b) Export valuation to back office
  - c) Both
- 4 Click on 'Request Valuation' text which appears in blue

Once the valuation has been requested (depending on the options selected), the user will be notified if the valuation was successful or not by the text displayed in the provider's response box within the Contract Enquiry Utility screen.

If the user has chosen to view the valuation information within a browser window, a valuation report will be produced.

## Valuation Report

### Valuation

Current contract status:	In Force	Date:	26/04/2010
Contract holder:	Mary Demo Black	Time:	11:50:52
Contract provider:	Skandia-Life	Contract number:	SIB009350943
Product type:	Investment Bond		
Product sub-type:	Unit Linked Bond		
Product Name:	The Skandia Investment Bond		

### Current holdings

Fund name	Type of units held	Number of units held	Units valid at (date)	Unit price	Price valid (date)	Current value	Valuation currency
Balanced	Accumulation	14.4084	26/04/2010	8.4370	26/04/2010	121.56	GBP
Deposit	Accumulation	26.2599	26/04/2010	4.3880	26/04/2010	115.23	GBP
Cautious Life	Accumulation	45.4951	26/04/2010	2.7550	26/04/2010	125.34	GBP

### Current valuation (GBP)

Current valuation amount	362.13
Current valuation timestamp	26/04/2010 11:49:07

If the 'Export valuation to back office' option has been selected, then a pop up box will appear on screen when the request has been received.

## 4.2 Importing Individual Contract Enquiry Information into the Back Office

- 1 Once the request has been successful, a pop up message will appear on screen – informing the user that a contract enquiry message has been received
- 2 Navigate to the **Updates** section, either using the link on the 'Details' page of the Holding, or by clicking on the Updates module in the main menu.
- 3 Within the **Received data** section the message is waiting to be processed. Select the message and view the information listed (if a match has not been found the message will display a warning and details of the issue).

Updates > Data updates received

**Data updates received and waiting processing for user : ams**

Select a message to process from the list below.  
Until you select a message the data will not be processed.

Message sender	Message type	Date	Time
OBP Import	Ingrid Fletcher / SIML - Investment Fund	14/04/10	09:50:30
QSS	Financial Express Fund Price complete update	26/04/10	19:03:00

Do not automatically create new client records ☒

General updates Openwork

## 4.2.1 Manually matching funds

Click onto the Contract Enquiry message and the following page will be displayed

**CAPITA FINANCIAL SOFTWARE** Data updates

**Fund Mapping**  
The fund displayed below has been returned by the Provider without an industry standard code (SEDOL or MexID).  
Please select each fund and map to the appropriate fund supplied by Financial Express to ensure that these map automatically in future.

Contract Enquiry Fund name	Contract Enquiry Provider	Financial Express Fund Name	
⚠ Balanced	Skandia	Unmapped to a Financial Express fund	▶ Create a mapping

**Contract Valuations**  
Exceptions (5) | Summary

The contracts below contain assets that have not been automatically matched to assets in CCD. Click the 'Details' button to match the assets.

Contract Enquiry Provider	Contract Holder	Contract Number	Response Status	
⚠ Skandia	Beatty, K	100064797	Success	▶ Details
⚠ Skandia	Belton, D	200000896	Success	▶ Details
⚠ Skandia	Ansbrow, A	100060070	Success	▶ Details
⚠ Skandia	Agen, M	100042359	Success	▶ Details
⚠ Skandia	Black, C	SIB009350943	Warning	▶ Details

**Fund mapping and Contract Valuations needing manual input**

The 'Fund Mapping' section, in the top half of this screen, contains a list of funds that have been sent back without MexID or Sedol codes. In this example there is only one to be manually mapped, which is the 'Balanced' fund from 'Skandia'. The 'Contract Valuations' section in the lower half of the screen contains two tabs:

The Exceptions tab - Contains a list of holdings which need to be manually matched.

The Summary tab- Contains a list of all holdings, whether they are an exception or not.

We strongly recommend that any funds in the 'Fund Mapping' area are processed before the exceptions in the 'Contract Valuations' section. This should minimise the number of exceptions to be processed.

## 4.2.2 Fund mapping

This process will need to be undertaken to match funds that have been sent by the provider without MexID or Sedol codes, to their equivalent funds held in the CCD fund database.

To start the process, click onto 'Create a mapping'.

**Fund Mapping**  
The fund displayed below has been returned by the Provider without an industry standard code (SEDOL or MexID).  
Please select each fund and map to the appropriate fund supplied by Financial Express to ensure that these map automatically in future.

Contract Enquiry Fund name	Contract Enquiry Provider	Financial Express Fund Name	
⚠ Balanced	Skandia	Unmapped to a Financial Express fund	▶ Create a mapping

**Click here.**

Fund information supplied by the provider.

**Fund Mapping**  
Map the Provider's Contract Enquiry fund to the Financial Express fund.

Contract Enquiry Fund name: Balanced  
Contract Enquiry Provider: Skandia  
Custom Provider Code: SLACLifeInitial1

☐ Only show funds that already exist in CCD contracts being updated by Contract Enquiry

Financial Express Fund Name	Financial Express Provider Name	Unit Price	Mex ID	Sedol	CitiCode
3BA Asia Stock Mix		5.15			3003
3BA Global Stock Mix		10.29			3004
3BA Generali Euro Stock Selection A		6.31			3005
3BA Generali Euro Stock Selection T		9.94			3006
3BA Amerika Stock Mix		11.32			3009
3BA Emerging Mix		22.32			3011
3BA European Top Mix		9.04			3012
3BA Vorsorge Mix Wachstum		8.52			3013
3BA Vorsorge Mix Dynamik		11.63			3015
3BA Vorsorge Mix Aktiv		10.16			3016
3BA Nachhaltigkeitfonds		10.23			3020
3BA Renten Dachfonds		13.24			3021

Fund information stored in the CCD fund database.

Next, a search needs to be performed to find the matching fund. Searches can be run using one or more of the following filter fields:

- **Financial Express Fund Name** – a search in this field can be carried out using a maximum of 15 characters, a single word included in the fund name or a series of words of the fund name separated by a carriage return.
- **Financial Express Provider Name** – a search in this field can be carried out using a maximum of 15 characters.
- **MexID, Sedol, Citicode** – a search in this field can be carried out using a maximum of 10 characters.

NB: The 'Unit Price' is not a searchable field. It is there as an additional check if the search results return more than one fund.

Complete the filter field(s) as required and click away from the field to run the search.

Once the appropriate fund has been found, click 'Map to this fund'.

Financial Express Fund Name	Financial Express Provider Name	Unit Price	Mex ID	Sedol	CitiCode	
balanced	Filter		Filter	Filter	Filter	
Save & Prosper Balanced Investment	Save & Prosper	184.00	SPBI	0777326	SA31	Map to this fund

Scot Wid Balanced Pfl Pn S1	Scottish Widows	131.00	SWBAP1	3127779	SL37	Map to this fund

The following message will then be displayed.

**Provider Code Fund Mapping**

Are you sure you want to map this Contract Enquiry fund -  
Balanced  
to the Financial Express fund -  
Skandia Balanced?

No Yes

Select 'Yes' to this message.

The fund has now been mapped. This is indicated by the green tick found on the left hand side of the screen.

Fund Mapping		
The fund displayed below has been returned by the Provider without an industry standard code (SEDOL or MexID).		
Please select each fund and map to the appropriate fund supplied by Financial Express to ensure that these map automatically in future.		
Contract Enquiry Fund name	Contract Enquiry Provider	Financial Express Fund Name
✓ Balanced	Skandia	Skandia Balanced <a href="#">Undo this mapping</a>

## 4.2.3 Contract Valuations

In this section, there will be valuations for contracts that have funds which need to be manually matched. Each contract in this list will need to be dealt with individually. There may be a need to do the following:

- Create new funds
- Archive old funds
- Match new funds to existing funds (already recorded on a holding)

Contract Valuations

Exceptions (5)

Summary

The contracts below contain assets that have not been automatically matched to assets in CCD. Click the 'Details' button to match the assets.

Contract Enquiry Provider	Contract Holder	Contract Number	Response Status	
 Skandia	Beatty, K	100064797	Success	<a href="#">Details</a> 
 Skandia	Belton, D	200000896	Success	<a href="#">Details</a> 
 Skandia	Ansbro, A	100060070	Success	<a href="#">Details</a> 
 Skandia	Agen, M	100042359	Success	<a href="#">Details</a> 
 Skandia	Black, C			<a href="#">Details</a> 

Click onto 'Details' of the contract to deal with.

Click onto 'Details' of the contract to deal with.

In the following example, Cynthia Black, there are two funds currently on CCD. The Contract Enquiry message has delivered two further funds that do not currently exist on CCD. This is almost always due to the client completing a fund switch on a holding within their portfolio.

☒

Of the three new funds, only the 'Cautious Life' can be matched to an existing fund on CCD. **The other 2 funds will need to be created.**

The Skandia Finland fund has been previously archived as part of a Contract Enquiry

**NB:** The 'Show automatically matched assets' button, will default to unchecked. If this box is checked, a full list of all funds will appear, including both automatically and manually matched funds.

## 4.2.3.1 Matching assets

The 'Cautious Life' fund appears under both 'Contract Enquiry Assets' and 'Existing CCD Assets' and needs to be matched.

This is achieved by clicking on 'Click here to match' under the 'Contract Enquiry Assets'.

Contract Enquiry Assets	Matched CCD Assets	New	Existing CCD Assets	Archive
✓ Balanced		<input checked="" type="checkbox"/>	⚠ Cautious Life	<input type="checkbox"/>
✓ Deposit		<input checked="" type="checkbox"/>	✓ Skandia Finland Alndsbk Eur Act Pfl	<input checked="" type="checkbox"/>
⚠ Cautious Life	<a href="#">Click here to match</a>	<input type="checkbox"/>		

A list of potential funds that exist on the client's contract will be shown. Select the correct fund.

Contract Enquiry Assets	Matched CCD Assets	New	Existing CCD Assets	Archive
✓ Balanced		<input checked="" type="checkbox"/>	⚠ Cautious Life	<input type="checkbox"/>
✓ Deposit		<input checked="" type="checkbox"/>	✓ Skandia Finland Alndsbk Eur Act Pfl	<input checked="" type="checkbox"/>
⚠ Cautious Life	<div> Cautious Life  Skandia Finland Alndsbk Eur Act Pfl </div>	<input type="checkbox"/>		

## 4.2.3.2 Creating new funds

The two remaining funds do not currently exist on CCD. These need to be created.

Select the 'New' button for each of the remaining funds.

Contract Enquiry Assets	Matched CCD Assets	New	Existing CCD Assets	Archive
✓ Balanced		<input checked="" type="checkbox"/>	⚠ Cautious Life	<input type="checkbox"/>
✓ Deposit		<input checked="" type="checkbox"/>	✓ Skandia Finland Alndsbk Eur Act Pfl	<input checked="" type="checkbox"/>
⚠ Cautious Life	<a href="#">Click here to match</a>	<input type="checkbox"/>		

All funds should now have a tick against them, confirming that all the funds have been matched or created.

Contract Enquiry Assets	Matched CCD Assets	New	Existing CCD Assets	Archive
✓ Balanced		<input checked="" type="checkbox"/>	✓ Cautious Life	<input type="checkbox"/>
✓ Deposit		<input checked="" type="checkbox"/>	✓ Skandia Finland Alndsbk Eur Act Pfl	<input checked="" type="checkbox"/>
✓ Cautious Life	Cautious Life	<input type="checkbox"/>		

To move back to the main page, click the 'Return to the summary screen' found at the bottom left.

◀ Return to the summary screen

The holding has now moved from the 'Exceptions' tab to the 'Summary' tab.

**Contract Valuations**

Exceptions (5) **Summary**

The results of your Contract Enquiry are displayed below. Results are only displayed from Product Providers that Client Care Desktop was able to communicate with.

There were a total of 7 contracts returned. 2 of these have been automatically matched, 5 have exceptions and need attention.

Contract Enquiry Provider	Contract Holder	Contract Num	Response Status	
Skandia	Beatty, K	100064797	Success	Details
Skandia	Belton, D	200000896	Success	Details
Skandia	Ansbro, A	100060070	Success	Details
Skandia	Agan, M	100042359	Success	Details
Skandia	Anderson, L	100056279	Success	Details

Click onto the 'Provider Codes' tab.

Setup > Prices > Details > Provider Codes

Details Portfolios Provider Codes

This is a list of the custom provider codes used in the contract enquiry mapping. Removing any of these will result in certain assets requiring manual matching when performing future contract enquiry updates.

Product Provider	Provider Fund Name	Custom Fund Code
Skandia-Life	Balanced	SLACLifeInitial1

Use the red X to delete the mapping.

A warning message will now appear.

**Warning**

Are you sure you want to remove this Custom Provider Code?  
 Doing so may result in future CE updates needing rematching.

Cancel OK

Select 'OK' if this is correct.

The mapping is now un-done.

To re-map this fund, repeat the mapping process from within a Contract Enquiry update.

## 4.3 Requesting individual valuations from within CCD

1. Within the individual holding select the Details section.
2. If the provider supports Contract Enquiry for the product, the field 'Electronic valuation available?' will be set to yes (see Fig 1.28).

The screenshot shows the 'Details' section of a holding in the Capita CCD system. The sidebar on the left contains navigation links: Clients, Holdings, Overview, Product, Contributions, Details, Administration, Tasks, Commission, Submission, Work (0), Documents, Calculators, Reports, and Quit. The main content area has tabs for 'Contract details', 'Assets', 'Withdrawals', and 'Analysis'. The 'Contract details' tab is active, showing a 'Details' sub-tab. The details include fields for Commission Administrator (Fidelity), Fund Supermarket, Discretionary Fund Manager, Beneficiary, Benefits paid on, Income reinvested, Investment - tax year end, Maturity date, Assigned?, and Is an MVA applicable?. Below these is a 'Valuations' section with fields for Valuation data (Summary), Date of current valuation (24/05/2010), and Next scheduled valuation (01/07/2010). A yellow arrow points to the 'Electronic valuation available?' field, which is set to 'Yes'. At the bottom, there is an 'Update Values Now' button and a link to 'Process electronic valuation within Updates Section'.

3. Select the 'Update Values Now' option.
4. Dependant on the options set within the Contract Enquiry Utility screen (see Fig 1.2), the user will either be able to view the valuation within a web browser or import the information via the Updates menu.
5. If the valuation is exported to CCD, refer to section 4.2 for details of how to deal with messages.
6. Once updated within the back office system – users can view the updated information within the holding, displaying the latest contract information.

## 4.4 Scheduled and Batch Valuations

1. Select a client record and select the **Servicing** section.
2. Select the date for the next valuation, then select the **Valuations** tab and the **Select** tab and choose the individual holdings that require valuation(s). This can be done by either completing the valuation date on the **Details** section of the holding, or by selecting the holding underneath the **Valuations** tab and **Select** tab option within the **Servicing** section.
3. Each individual holding can also have the 'required valuation date' set as required.
4. Once the appropriate holdings have been chosen and the valuation dates set, select the **Updates** section from the main menu and choose **Valuations**.

Quit

- 5 Valuations ready to be scheduled will be displayed and can be filtered by Due Today, Provider, Consultant and Service Manager.
- 6 Select the filter required and then select 'Process valuations for the records listed'. Once selected this will then gather up all the requests and create a batch request. For any individual plans that do not need to be valued on that date, use the cross at the end of the record to remove them from the list
- 7 When the batch request has loaded select 'Start Batch Contract Enquiry'

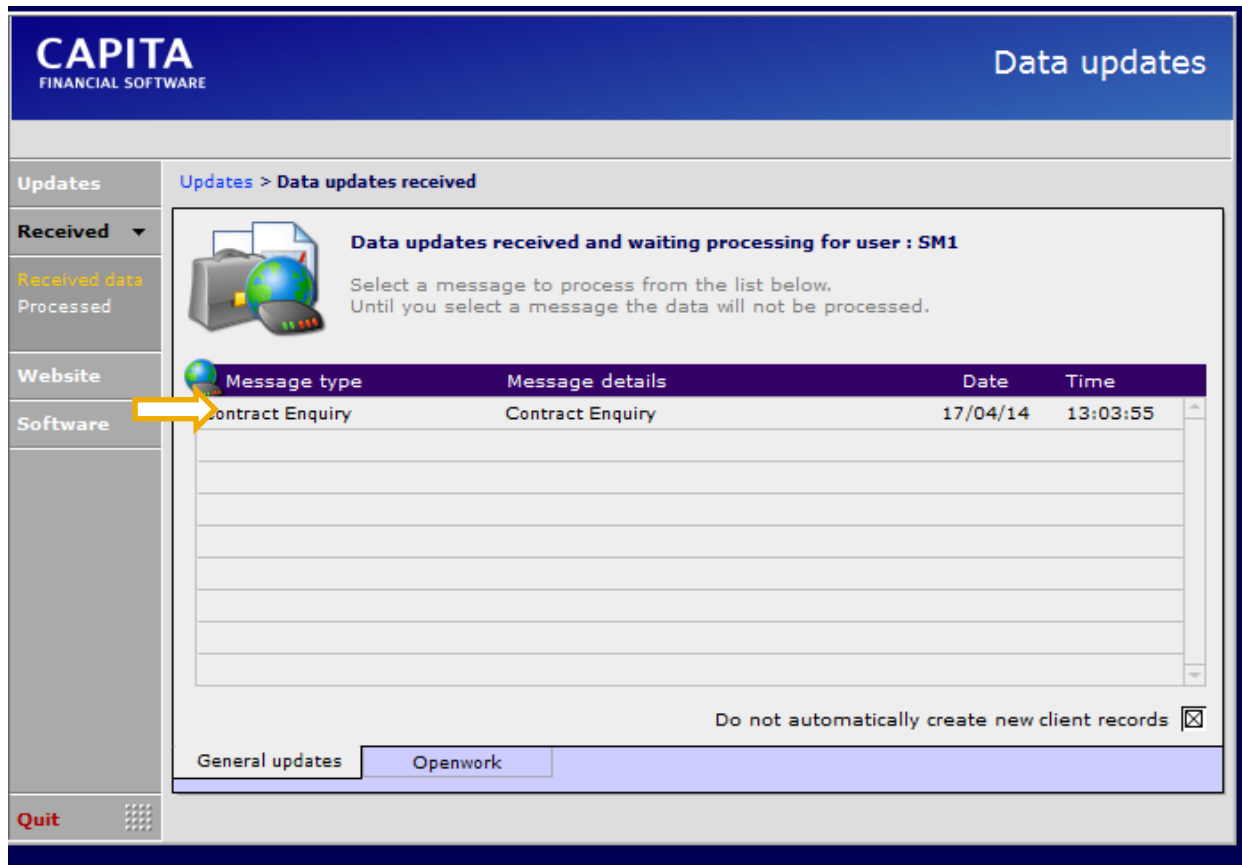

- 8 Contract Enquiry will then request the batch enquiries whilst the user can continue to use the system, when complete, a pop up message will appear in the right hand corner of the screen.

Contracting Enquiry pop up message advising the batch enquiries have finished.

- 9 With the batch requests, a breakdown of the contract enquiries will be listed and details given for any unsuccessful requests, which can be printed off and dealt with as appropriate.

The received message containing all the completed enquiries will be in the **Received** tab of the **Updates** area.

Click onto the message and proceed to the Contract Enquiry processing screens.

## 4.5 Bulk Downloads

CCD also has the ability to perform bulk data downloads. Unlike the Contract Enquiry requests, the bulk data downloads allow the user to update both client and policy information.

Currently bulk downloads can be performed by using the Cofunds or Transact functionality within CCD. This service is requested via the **Updates** section within CCD.

## 4. FAQs

### **Failed message?**

There may be a number of reasons why your request may result in an unsuccessful enquiry message being received. If the system cannot match the information requested with the information received then it will not update any information. A few points to check before contacting the Support Team:

- Service available – check the service hours for the provider to ensure the service is available.
- Provider supported – check the provider code selected in CCD is supported (see provider overview table)
- Supported product – check that the provider supports electronic valuations for the policy type.
- Policy number formats - check that the policy number and client name are correct within CCD – spaces within contract reference numbers can lead to failed messages.
- Policy status – check the policy has not been transferred, surrendered or matured.
- Agency – check that you hold the servicing rights for the policy.

### **Who do we contact for support?**

For any general issues with Contract Enquiry or CCD, please contact the Capita Financial Software Support Team on 0800 028 0033 or send an email to [financialsoftwaresupport@capita.co.uk](mailto:financialsoftwaresupport@capita.co.uk). If you have any specific issues regarding the policy information, please contact the provider direct using the details specified under the provider registration section.

### **What are supported valuation types?**

The providers will provide a current valuation, but can also support transfer and surrender values for some products.

### **What are the fund codes?**

Each fund has a code supplied by the provider in the message, which will normally be one or more of the following:

- SEDOL
- MEXID
- Citicode
- Provider specific

If the provider specific code is supplied, the fund will not be updated by the Financial Express fund feed. The providers do not provide the fund type or fund sector in the Contract Enquiry message, therefore these funds will not display a fund type or fund sector if using Contract Enquiry. If you require this data or wish to retain data entered manually against a fund, please select the funds using the Financial Express fund feed and update the units manually using data provided by Contract Enquiry.

### **Does everyone need to set up Contract Enquiry access?**

All machines that require access to Contract Enquiry must have an individual digital certificate and also have the appropriate provider and intermediary settings completed in order to use the service.

### **What training is available?**

Contract Enquiry is trained on the Getting Started course. We can also provide specific training on Contract Enquiry either online or as part of a bespoke training session in your office. Please contact the Client Care Team on 0800 028 0033 to discuss the options available.

## Appendices

### Appendix A – Aviva

To begin receiving automated valuations you must have registered for an Online Account Number (OAN) on the Aviva for Advisers site [www.aviva.co.uk/adviser](http://www.aviva.co.uk/adviser). If you are using a UNIPASS digital certificate this must also be registered with Aviva.

The OAN is initially only linked to one agency code. If this is a 'master' agency code, full access will be granted. If any 'sub' agency code is used at registration, users will only have access to contracts written through that agency code. Once you have registered all issues regarding access should initially be referred to Aviva Life Online Support Team (0845 309 3999).

#### Registering for a Aviva Online Account Number (OAN)

- Go to [www.aviva.co.uk/adviser](http://www.aviva.co.uk/adviser)
- Click 'Register'
- Click 'Register as an Intermediary'
- Complete user details requested on-screen. If you require help with the form or your Aviva agency code please contact our Agency Team on 0845 9000 819. Click on 'Next' and you will be invited to review the details you have input.
- If you are satisfied with what you see, select the tick box to agree and then click 'submit'. (Should you wish to change anything, you can do this by clicking on 'make changes' next to the section you wish to amend.)
- Your registration is now complete and you will see a thank you note displayed. Aviva will contact you shortly by post, usually within two working days, to confirm that your account has been activated.

#### Linking your UNIPASS with Aviva

- Go to [www.aviva.co.uk/adviser](http://www.aviva.co.uk/adviser)
- On the home page click 'Log in' on the top right.
- Click 'Unipass Login'
- Select your Unipass if you have more than one then click 'OK'.
- Enter in your OAN & PIN
- Click 'Next'
- You are now linked up

Each OAN is initially only linked to one agency code. If this is a 'master' agency code, full access will be granted. If any 'sub' agency code is used at registration, users will only have access to contracts written through that agency code. Once you have registered, all issues regarding access should initially be referred to Aviva's Life Online Support Team (0845 309 3999).

#### Getting the most out of automated valuations

When requesting a valuation it is important that the correct policy number format is used.

## General guidelines:

- No spaces – there should be no spaces in the policy number that you request against
- '/' & '-' – no policy requested against should contain these characters
- No pension scheme numbers – the service uses only the members policy number for retrieval of data

## Only 2 types of policy format allowed:

- nnnnnnnxx – a 7 numeric characters with a 2 alpha character suffix
- xxnnnnnnnn – a 2 alpha character prefix with 8 numeric characters

## Common errors you might receive:

We closely monitor the usage of the service and pick up on any error trends. Below we aim to briefly explain some of the error messages you may have received and offer you an answer as to why.

Error message	Action
Aviva Life Authentication failed - please call the Life Online Support Team on 0845 309 3999 between 08:30 and 17:30, Monday to Friday	Your online account number is locked, please call the Life Online Support Team on 0845 309 3999 to re-set your PIN before trying again.
Contract not found	The policy number/format you have input may be incorrect or the policy might have been transferred, surrendered or matured. Please call Aviva for a valuation. Pensions: 0845 9000 815 Investments: 0845 9000 810
We're sorry, but an online enquiry is not available for this policy. Please call us for a valuation on 08451 444 444 between 9am and 5pm (Mon-Fri).	Please call 08451 444 444 to request a valuation.
Enquiries on this Product Type/Sub Type not supported by Provider	Record in CRM that online valuation not possible. Please call Aviva to request a valuation. Pensions: 0845 9000 815 Investments: 0845 9000 810

The contract on which you are enquiring is currently undergoing an alteration. It is not possible to return any data at this time	Aviva are currently making an alteration to the contract, please try again later, if problems persist call Aviva Pensions: 0845 9000 815 Investments: 0845 9000 810
Provider system problem. Details cannot be returned Please try later.	Please retry later and if problem persists please contact the Life Online Support Team on 0845 309 3999.
Providers system not available, as it is outside the hours of operation	Please try again within the hours of service: Monday to Friday 0730 – 2000 Saturday 0800 – 1600 Sunday Closed
This contract cannot be accessed under contract enquiry.	Record in CRM that online valuation not possible. Please call Aviva to request a valuation. Pensions: 0845 9000 815, Investments: 0845 9000 810
User not recognised	This could simply be that the Online Account Number and PIN / password that have been input are incorrect. Check in CRM that the details are correct, if the error still occurs please contact the Life Online Support Team on 0845 309 3999.
User not allowed access	Each OAN/UNIPASS is initially only linked to one agency code. If any 'sub' agency code is used at registration users will only have access to contracts written through that agency code. Our Life Online Support Team can check / update the mapping on your account please call them on 0845 309 3999.

### Introduction

This guide is intended to assist advisers using Capita Financial Software Contract Enquiry to set up and use Fidelity FundsNetwork's valuation service. The guide does go into some detail to help users avoid common problems, and once set up you should find these services are extremely quick and easy to operate.

### What does this new link do?

Capita Financial Software can automatically update or add all the relevant values of the products that your clients hold. Essentially, you are able to get the latest valuations for all your FundsNetwork clients whenever you want to.

#### Getting started

Before you can start using this link, please run through the following checklist:

- Check you have your FundsNetwork login details
- The FundsNetwork valuation service requires users to have a FundsNetwork user ID and PIN. If you have never been issued with a PIN or have forgotten these details, please contact FundsNetwork on 0800 995511.
- Go through the set up process for Contract Enquiry

This one-off set up needs to be done before the service can be used. This is detailed within this guide.

If you need any help with or have any issues with the service, please contact Capita Financial Software directly on 0800 028 0033 or by email at [financialsoftwaresupport@capita.co.uk](mailto:financialsoftwaresupport@capita.co.uk).

For any questions on any of the services provided by FundsNetwork, please contact 0800 99 55 11 or by email on [integration@fundsnetwork.co.uk](mailto:integration@fundsnetwork.co.uk).

### How it works

#### Fidelity FundsNetwork contract number format

A client's holdings on FundsNetwork are grouped into 'accounts'. A client can have more than one account on FundsNetwork. Accounts are identified by a unique 10 character code which is constructed of four alphabetical characters followed by six digits i.e. ABCD123456. The first three characters are usually representative of the first three characters of a client's surname or first three characters of a corporate/trustee company name. The fourth character generally gives an indication of the product group the account number relates to.

- ABCX123456 - Where the fourth character is an 'X', this represents an ISA account (Maxi, Mini or Transferred ISA).
- ABCP123456 - Where the fourth character is a 'P', this represents a PEP account

This document is the property of Capita Financial Software Ltd (CFSL) and the information contained herein is confidential. This document, either in whole or in part, must not be reproduced or disclosed to others or used for purposes other than that for what it has been supplied, without CFSL prior written permission. CFSL – [www.capitafinancialsoftware.co.uk](http://www.capitafinancialsoftware.co.uk). September 2014 v0.4

- ABCA123456 or ABCQ123456 - Where the fourth character is either an 'A' or 'Q', this represents a non-ISA account consisting of Fidelity funds, offshore funds or investment supermarket funds.
- For really old accounts the structure is slightly different and consists of three letter and 7 digits e.g. ABC1123456. The first of the seven digits is usually '1'.

A client can only have one account number for all their PEP and ISA plans. However, the account number may be associated with multiple PEP and ISA plans, which are held on a plan year basis on FundsNetwork, i.e. an account AAAB123456 may have an ISA plan for 2001, 2002 and 2003. These will be held separately. For PEP and ISA plans the account will have the plan year appended to the account number.

For example a client who holds an account AAAB123456 with a 1995 PEP plan would need to include the following information: - Account number = AAAB123456/1995

When downloading holdings from FundsNetwork client records will be displayed in this format.

## Help Section

### **I don't have a FundsNetwork User Id or PIN set up?**

The FundsNetwork valuation service requires you to have a FundsNetwork user ID and PIN. If you have never been issued with a user ID or have forgotten your PIN, please contact 0800 99 55 11 for further help.

### **When I try to run the holdings update service I do not get a report.**

This error appears because the holdings update service has not been enabled at FundsNetwork for you. To enable the service please call FundsNetwork on 0800 99 55 11 or email [integration@fundsnetwork.co.uk](mailto:integration@fundsnetwork.co.uk) quoting your unique adviser number, to enable your bulk holding service.

### **What products can I get valuations on?**

All FundsNetwork products are available via these holdings update services, with the exception of holdings in the Fidelity Investment Trust Savings plan.

### **How up to date are the valuations I receive?**

The holdings updates are taken from our live systems and provide valuations as at the close of business on the previous business day.

### **When I try to use the individual holdings update why do I not get all of my client details?**

You are only able to receive valuations for accounts linked to your adviser number. If you have any further questions, please contact FundsNetwork on 0800 99 55 11.

### **I have a number of Fidelity agencies, how can I get valuations on all my accounts?**

Ensure you use your head adviser login and you will be able to see all your client's accounts.

When processing a CE valuation for a Standard Life WRAP the following information must be recorded on CCD:

- The WRAP with a status of **In Force** with the correct contract number
- A Trustee Account with a status of **In Force** and the correct contract number

Even if the WRAP has Directly Held Assets or Contracts, these do not need to be set up on CCD as this can be done from the information received back via the CE update.

The only exception to this is 3rd Party Contracts within the WRAP. These cannot be valued via the WRAP CE and will still need to be valued separately. This can potentially be done by using CE, if the 3rd Party Contract Provider is supported.

### Requesting a WRAP Valuation

Requesting a WRAP valuation is done in the same way as requesting a value on any other plan.

**CAPITA**

CE Contracts

CCD Contracts

The contracts below are what is currently on CCD within the valued wrap policy. Any policies that are shown in red have not been automatically matched to a CE contract, this is either because the contract has been paid up/cancelled or the contract number does not match the CE version.

Provider	CCD Contract Type	Contract Num	Valuation £
<b>Standard Life Wrap Centre</b>	<b>Wrap</b>	<b>AWP1000000</b>	<b>0.00</b> Details
Standard Life Wrap Centre	Cash account	34728	0.00 Details

There is nothing to do in this tab, it is for information only.

## Dealing with Exceptions

Moving back to the CE Contracts tab, any item with the  will need to have some work done.

CE Contracts

CCD Contracts

The contracts below have been returned by the provider and are contained within the valued wrap policy.

Provider	Contract Num	CE Contract Type	CCD Contract Type	Valuation £
✓ Standard Life	AWP1000000	Wrap	Wrap	796,572.13 <a href="#">Details</a>
✓ Standard Life	34728	Wrap Cash Account	Cash account	0.00 <a href="#">Details</a>
⚠ Standard Life	AWP1000000-002	Investment Funds	Cannot Locate contract	194.78 <a href="#">Details</a>
⚠ Standard Life	IW100000091	Investment Bond	Cannot Locate contract	577,756.38 <a href="#">Details</a>
⚠ Standard Life	AWP1039642-006	ISA	Cannot Locate contract	169.38 <a href="#">Details</a>
⚠ Standard Life	D1045694000	Self Invested Personal	Cannot Locate contract	218,451.59 <a href="#">Details</a>
⚠ Standard Life		SIPP Trustee Bank Account	Cannot Locate contract	46,999.11 <a href="#">Details</a>
✓ Standard Life	99999999	External Bank Account	Bank account	0.00 <a href="#">Details</a>

Click onto the **Details** button at the end of the line of the first item to be dealt with and you will be taken into the details of the exception.

When using CE to add assets to the WRAP, only the assets within the WRAP will be set up, the contributions won't be. Therefore to ensure that this record is kept fully up to date, contributions will need to be recorded in the normal way.

For further information relating to this, please use a **Complex Holdings** User Guide.
