## Part 4 - About this form

This form is used to change the financial adviser (called a “Nominated Representative”) on your account.

You are asking Praemium to remove your current adviser and appoint a new one instead. The new adviser will take over under the same terms and conditions as the previous adviser.

### What you need to provide

Your account details (name and number)  
Details of your current adviser  
Details of your new adviser  
Your signature to approve the change

### Important things to know

You can choose whether or not to tell your current adviser about the change, but Praemium may still notify them.  
If your new adviser is not already registered with Praemium, they will need to complete a separate registration form before they can be appointed.  
Once the form is processed, your new adviser will have the same authority over your account as the previous one.

### What this form does not do

It does not change your account itself (e.g. investments or settings)  
It only changes who is authorised to act as your adviser

If using eSignatures, please submit this form to us via an approved provider. For further guidance, refer to the Adviser Help Centre.

### Return this completed form to your Nominated Representative for upload or email to [support@praemium.com](mailto:support@praemium.com).
