Audience

This manual is intended for users of Desire2Learn Digital Media Services – Kaltura version 3.0. The manual assumes familiarity with Desire2Learn concepts and flows and focuses on the DMS – Kaltura 3.0 flows and functionality.

Document Conventions

Kaltura uses the following admonitions:

- Note
- Workflow

NOTE: Identifies important information that contains helpful suggestions.

Workflow: Provides workflow information.

About the Screenshots

D2L DMS - Kaltura 3.0 implements a responsive web design for optimal user experience across all devices. The user interface displays differently on different devices and available screen sizes.

The screenshots in this guide were taken on a desktop computer, and on widgets that use the entire available screen width, the user interface may differ somewhat on different devices or for different widget sizes. The functionality remains the same.

Overview of the Kaltura D2L DMS 3.0 Plugin

Kaltura has partnered with Desire2Learn to offer an out-of-the-box extension that enables you to record, upload, publish, search, and share video directly from your Desire2Learn environment. This translates into time and money saved for your organization, improved student engagement, creativity and learning results, as well as ease of use for students, faculty and teaching assistants.

Main Features and Tools

Upload and Record

- **Easy Video Uploading** - Upload any type of media (video, audio, images) using a simple interface.
- **Create webcam videos** - Welcome messages, introductions, assignment instructions, simple demonstrations, and other webcam media.
- **Screen Recording** – Easily record the screen, along with audio and webcam feeds, to create and publish screencasts. Instructors and students can record and share lectures, presentations, software tutorials, and additional screencasts.

Organize and Share

- **My Media** – Upload, manage, assign, and share content (based on permissions) with a private media library for each D2L user.
- **Course Gallery** – Search or view rich media assigned to a course if you are a member. Media can be added by instructors or students, with an option for student contributions moderation by instructors.
- **Insert Stuff integration**: Intuitively use rich media without time-consuming training, simply click on the “My media” link from within “Insert stuff”.

View and Interact

- The Kaltura Player:
 - Customize the player - Functionality, features and display
 - Configure once use everywhere - Mobile, tablet, PC , TV
 - Open Standards , Open Source
 - Files are transcoded for Web, HD, or Mobile Delivery across various devices and platforms. Player auto detects device and platform and adjusts the playback using adaptive bitrate technology
 - Playback supporting both Flash and HTML5 for mobile, with automated fall back
 - Accessibility - Supports playback with ADA/508 compliant player
- **Responsive Design**: Automatically adjusts site layout to the screen size and device to provide optimal mobile device support
- **Captions** - Upload multi-lingual captions to reach international, multi-lingual, and hearing-impaired audiences while also enabling in-video search within the captions.
- **Comments** - Boost online conversations and user engagement by allowing users to comment on

videos

- **Search** - Quickly find videos based on metadata (name, description, tags, categories)
- **In-video search** – Upload captions and then search for every spoken word. Search results allow skipping directly to the relevant part in the video. In-video search available within an entry or across videos in the course gallery/my media gallery

SECTION 7

Managing a Media Gallery

Instructors are the managers of the Media Gallery of their courses. As the manager, you can perform actions that other users enrolled to the course cannot.

These actions include:

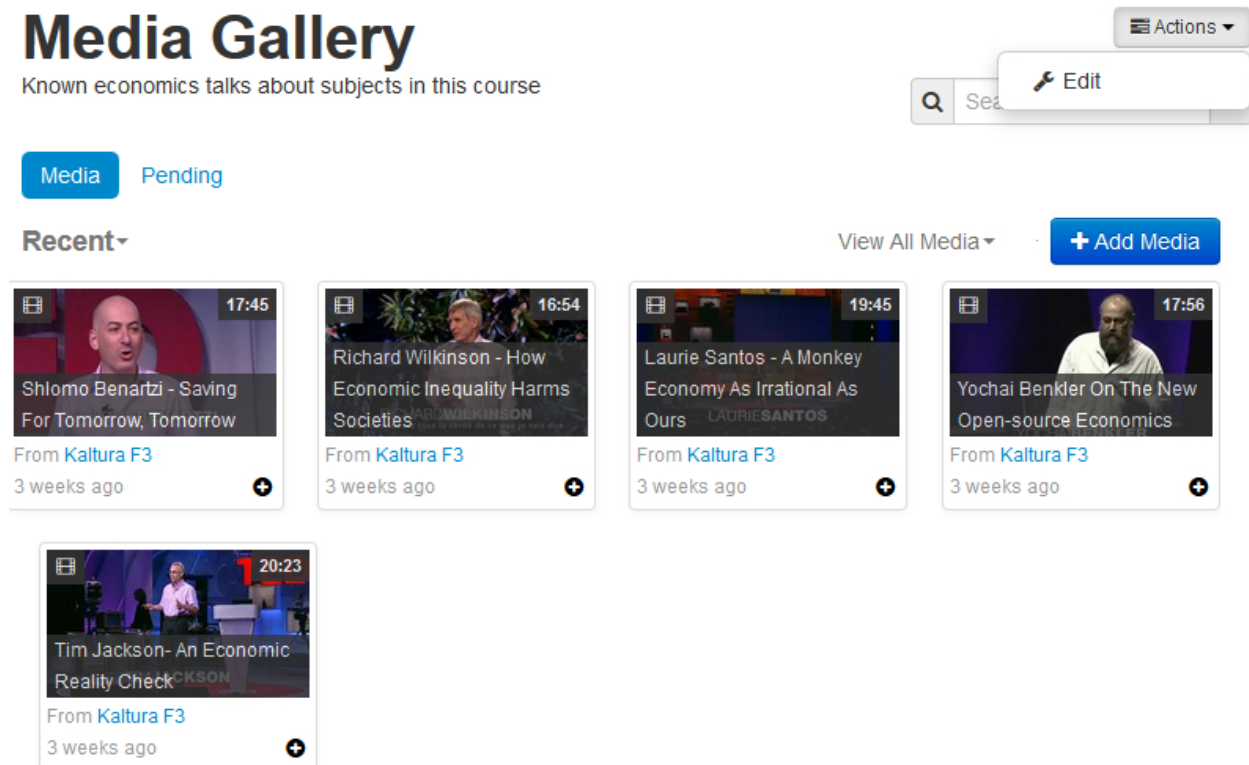

- Configuring settings and setting the description for the Media Gallery
- Moderating the content added to the Media Gallery
- Removing content from the Media Gallery

All users enrolled to the course can:

- View approved content
- Browse and search the Media Gallery
- Add Media (pending the instructor's moderation)
- Remove media they have added

To edit a Media Gallery configuration and metadata (available to Course Instructors)

1. In the Media Gallery, select Edit from the Actions drop down menu.

The screenshot displays the 'Media Gallery' interface. At the top, the title 'Media Gallery' is prominent, followed by the subtitle 'Known economics talks about subjects in this course'. On the right, an 'Actions' dropdown menu is open, showing an 'Edit' option with a wrench icon. Below the title, there are tabs for 'Media' and 'Pending'. A 'Recent' section shows a grid of video thumbnails. Each thumbnail includes a video player preview, the title, the source (e.g., 'From Kaltura F3'), and the time (e.g., '3 weeks ago'). The videos shown are by Shlomo Benartzi, Richard Wilkinson, Laurie Santos, Yochai Benkler, and Tim Jackson. A '+ Add Media' button is visible on the right side of the gallery.

The Edit Media Gallery page is displayed.
