

2015 ONC Stage 3/ACI Details Report

Patient Electronic Access Measure 1 (Access)

- Patient Name, Patient Date of Birth
- In numerator: YES or NO depending on if they qualify to be in the numerator for the reporting period.
- Access Date: Date patient is granted access (PIN is generated and given to Patient)
- Denominator Encounter Date: Encounter Date
- Data Delivered Period: time frame in which patient's data is available for them to access (within Ambulatory 48 hours/Acute 24 hours; else they are disqualified)
- Disqualification Encounter Date: Date patient was disqualified; either access was not granted or data was not available in a timely manner so patient is disqualified.
- Disqualification Data Delivered Period: time frame in which patient's data is available for them to access, when they were disqualified.
