

COLORADO STATE UNIVERSITY
— GLOBAL —

Credit Requirement Options

for CSU Global Courses and Advanced Placement
and International Baccalaureate Exams

This guide outlines State of Colorado minimum accepted scores (cut-scores) for transfer credit into Colorado Public Institutions. Students should use this list in conjunction with their individual degree plan to determine which CSU Global course or exam from the Advanced Placement and International Baccalaureate exam can be used to meet specific degree requirements. Each student's individual degree plan outlines their specific requirements and transfer needs. Credit earned in any category can be used for elective credit if the degree requirement has already been met. Students cannot earn credit more than once for the same course. Credits may be reduced or denied in transfer in accordance with transfer credit policy and practices.

Contact your enrollment counselor or student advisor if you have any questions regarding your transfer credit, degree plan or these requirements. Please consult your enrollment counselor or student advisor before registering for any exam.

Colorado gtPathway (Guaranteed Transfer Pathways) course designations are denoted by GT listed next to the Exam Title. gtPathway designation ensures courses, trainings, and/or exams taken which meet minimum grading or score requirements will transfer to general education curriculum in most Bachelor Degrees at every public Colorado college and University. Please consult your enrollment counselor or student advisor to ensure transferability as additional limitations may exist.

These credits and accepted transfer requirements are subject to change at any time without notice, and these requirements apply to new students entering CSU Global on the effective date of this guide.
