This document describes exciting new features and enhancements available in the above release.

A history of Release Notes can be reviewed on the [StrataMax Online Help](#)

THE COMPLETE STRATA MANAGEMENT SOLUTION

## Contents

1.	Levy Management – New Security Permission.....	3
1.1	Edit Generated Levies Security .....	3

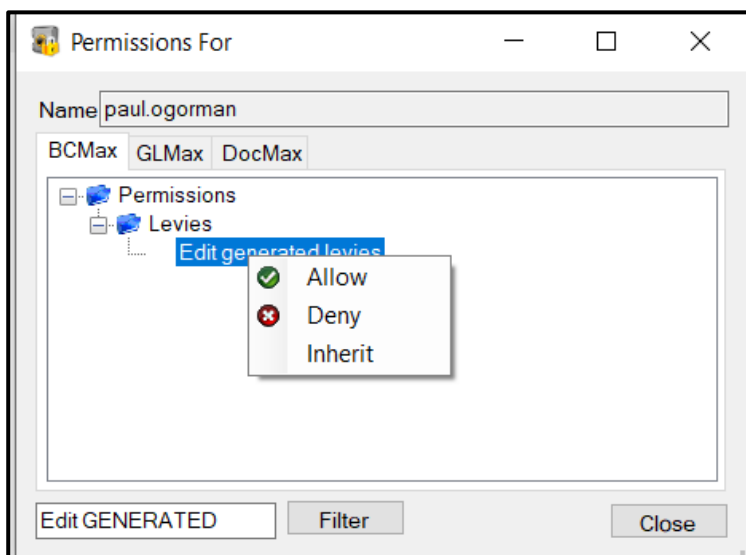

## 1. Levy Management – New Security Permission

### 1.1 Edit Generated Levies Security

The ability to Edit Generated Levies was previously a Support only function, this has been replaced with a new security permission 'Edit Generated Levies'. This new security permission on update will be left blank, therefore it must be setup.

To set the security option please use the following steps:

1. Navigate to 'Security Setup'
2. Right click the 'User' or the 'User Group' to be modified
3. Click 'Edit Permissions'
4. Type 'Edit Generated' in the filter box and click 'Filter'
5. Right click 'Edit Generated Levies' and set the relevant permission type

**Please Note**– When using the 'Edit generated levies' this will not change posted overdue interest calculations &/or Levy discounts therefore this should be used with caution. Please use 'Reverse Levy' if needing to reverse discounts.
