Academic Programs

Academic Planning - KG PESC Grade Level (SIS-129720)

Previously, programs used PESC grade level to identify graduation cohort years for kindergarten grades for planning. An error for ungraded kindergarten and preschool grades has been addressed by using NCES grade levels instead. This behavior now matches all regular post-kindergarten grades for students with no explicit graduation record.

Campus Student & Campus Parent Updates (SIS-130211) **[Enhancement]**

The following updates have been made to Campus Student and Campus Parent:

- Updated the visual display of attachments on an assignment.
- Previously, users were unable to create accounts via GUID if the student's enrollment start date was prior to the current date and the previous school year was still active. This has been corrected.

- Previously, former students were unable to create Campus Parent accounts. This has been corrected.
- The Grades view for a course has been updated to allow users to see all grading tasks/standards in the same view.
- A new preference has been added to the Portal Display Options allowing admins to hide the lunch balance from the Today screen in Campus Student. This option does not affect Campus Parent.

Grade Reporting

New Grading Window (SIS-126352) [Enhancement]

An enhanced Grading Window is now available. With this new Grading Window, users can now visually see the date range of when teachers can post scores for grading tasks and standards.

The following is a summary of the features available with this new Grading Window:

- View the status of a Grading Window by either Grading Tasks or Standards.
- Schedule new grading windows for multiple calendars and multiple terms at once.
- Choose the dates the Grading Window is open by selecting from a calendar view (date range) or by the Term End Date.
- Select the desired grading tasks or standards. When selecting standards, choose all standards in a group, or just the parent standard, or just the child(ren) standard. Grading tasks and Standards are filtered to the selected terms.
- See a preview of the window before it is saved, and reapply it as needed.

Courses still require grading tasks and standards to be assigned to them, as well as the School Standards being marked, and the appropriate Term Masks marked.

The classic Grading Window remains for the time being, but can only be used to close any open grading windows. It is not advised to use both the classic Grading Window and the new Grading Window interchangeably.

Recurring Payments and Family Food Service Accounts (SIS-129672)

Recurring payments and card present processing were not always working for some users because of a rounding error in Campus. This issue was corrected.

Campus was depositing Food Service family account payments into the district's default Fund Account if the first student (sorted alphabetically) did not have an active enrollment. This issue was corrected and payments are now deposited into the district's Food Service Fund Account. If the Food Service Fund Account doesn't exist, the payment is sent to the district's default Fund Account.

Schedule, Walk-In Scheduler Updates (SIS-129187) [Enhancement]

A new Settings options has been added. Users can turn on or off five different options for easier viewing on the Schedule Grid when working in Walk-In Scheduler. Some of these options may increase the size of the period cell. Options include showing the course and section number in the active grid, displaying full sections, filtering request search by a specific team. For complete information on the available Settings, review the article below.

Counting of Scheduling Units has been updated for Skinnied Courses:

- If a request has not be scheduled, the unique associated units with that request is counted.
- If a request has been scheduled and the course does not have a Scheduling Rule of Skinny, the unique associated units with that request is counted.
- If a request has been scheduled and the course is assigned a Scheduling Rule of Skinny, but there is no other section in the same cell, the unique associated units with that request is counted.
- If the request has been scheduled with another section in the same cell but not all of the courses are assigned a Scheduling Rule of Skinny, all unique associated units are counted.
- If the request has been scheduled with another section in the same cell and all of the courses are assigned a Scheduling Rule of Skinny, all associated units are counted as one, using the highest unit count if applicable.

Additional updates are listed below:

- When a course that spans multiple periods is dropped, the words No Scheduled Course display on the schedule grid for one of the dropped period cells.
- When unloading a student's schedule, the modal display no longer mentions that attendance data is removed from view.
- When loading and unloading courses, terms not selected in the confirmation modal now remain not selected.
- Keyboard shortcuts for S (search panel) and R (requests panel) are not available in Quick Add.
- The overloading of a section using the Load option is no longer possible.
- Hover text now displays when in full screen mode.
- Period schedule times now display correctly in the schedule grid and when ending a course for a student.
- The Messenger button now displays for users with R rights to Scheduling Messenger.

IowaIowa – SIF and SRI Days Present Field Updated to Calculate to Hundredth of a Day (SIS-127688)

Logic for the Days Present field in the SRI Data Collections Extract has been updated to calculate to the hundredth of a day. New logic is as follows:

- From across all periods with "Instruction" = Checked in instructional days up to and including the extract Effective Date:
 - Find the total hours available in each instructional period, rounded to the nearest hundredth (.01).
 - For each period in which the student was marked Absent, Not Exempt:
 - Subtract the hours (rounded to the hundredth) for the period from the student's total daily attendance.
 - Lunch minutes are subtracted from the total hours calculation for the applicable period.
 - Days Present = SUM((total instructional hours in day - students absent hours) / total instructional Hours in day) (rounded to the hundredth). Report to the hundredths of a day in format 0.00 to xxx.00

Logic for the following SIF elements was updated to calculate results to the hundredth of a day:

Massachusetts

Massachusetts – SIF Elements Updated to Account for Different State Reporting Dates (SIS-126060)

The following SIF element logic was added/updated to account for specific state reporting date requirements:

- StudentSectionEnrollment/SIF_ExtendedElements/SIF_ExtendedElement/@Name=CourseEnrollmentStatus
 - Report Value found in Roster > Enrollment Status. If that is null:
 - If enrollment end date is not null, and enrollment end status is null, 04 or 10 AND student has a (latest) score NOT mapped to 21, 22, 23, 40, or 50 (Grading & Standards > Score Groups & Rubrics > Score Group List Items Detail > State Score) in a Grading Task or Standard with State Reported = Checked, Report 03
- StudentSectionMarks/SIF_ExtendedElements/SIF_ExtendedElement/@Name = "MACreditsEarned"
 - When state reporting date is set as the last day of school, this element was incorrectly reporting as 0 regardless of score/enrollment status. This issue was corrected.

- StudentPersonal/Demographics/Gender
 - Report "N" when the student is assigned a Flag on the Flags tab (Student Information > General > Flags), where the following are true:
 - Start Date of flag is on or before extract State Reporting Date.
 - End Date of flag is after extract State Reporting Date or is Null.
- StudentPersonal/Homeless
 - Report Yes when the student has a Homeless record where start date is not null and on or before State Reporting Date and End date is null or after State Reporting Date.
- StudentPersonal/SIF_ExtendedElements/SIF_ExtendedElement/@Name="homelessUnaccompanied"
 - Report Yes when the student has a Homeless record where start date is on or before State Reporting Date and end date is null or after State Reporting Date and Unaccompanied Youth = Yes.
- StudentPersonal/SIF_ExtendedElements/SIF_ExtendedElement/@Name="MAFosterCare"
 - Report Yes when the student has a Foster Care record where start date is not null and on or before State Reporting Date and End date is null, or after State Reporting Date.
 - Report No when the student does not have a Foster care record, OR
 - Foster Care record Start date is after State Reporting Date, OR
 - Foster Care record End date is before State Reporting Date.
- StudentPersonal/SIF_ExtendedElements/SIF_ExtendedElement@Name="LowIncomeStatus"
 - If "Eligibility" Campus field = Free, AND Eligibility record is Active, reports SIF value = "01"
 - An Active Eligibility is one where the "Start Date" = on or before State Reporting Date, and the "EndDate" = after State Reporting Date
 - If "Eligibility" Campus field = Reduced, AND Eligibility record is Active, reports SIF value = "02"
 - An Active Eligibility is one where the "Start Date" = on or before State Reporting Date, and the "EndDate" = after State Reporting Date
- StudentPersonal/SIF_ExtendedElements/SIF_ExtendedElement@Name="MemberofMilitaryFamily"
 - If a record exists in Military Connections and the start date is within the calendar year and end date is null or after State Reporting date, report the 2-digit code from Status (Census > People > Military Connections).
 - If no record exists or there is an end date before the State Reporting Date date, report 00.
- StudentPersonal/Demographics/DwellingArrangement
 - Student has a Homeless record (and Primary Nighttime Residence is not null) where start date is on or before State Reporting Date and end date is before State Reporting Date OR
 - Student has a Homeless record (and Primary Nighttime Residence is not null) where start date is after State Reporting date and end date is null.

The following corrections are included in Rx Packs for October and November 2019. Rx Packs contain a small number of critical cases to fix urgent issues, with delivery in an immediate time frame (e.g., the fix cannot wait for the next four week Release Pack).

It is recommended that customers apply all subsequent Release Packs immediately following Rx Packs. Doing so will benefit both customers and Infinite Campus when it comes to supporting the patch.

Rx Packs are cumulative; each Rx pack will automatically include all previous Rx packs within that release. These cases will also be included in the Campus.1945 pack unless otherwise noted.

Below is a list of all Rx Packs for Campus.1941 and the date of availability:
