What's New

1. Same-Issue Motions can be added to a Standard Group of Same-Issue motions

Changes that came into effect on the 1st March 2021 in response to the Queensland legislation changes, prevented Same-Issue motions from being added to a Standard Group of Same-Issue motions. The Standard Motion page has been enhanced to allow Same-Issue motions to be attached to a Standard Group of Same-Issue motions.

Submitting the Add Motion button opens the Motion Details page to add Same-Issue motions to the Standard Group of Same-Issue motions.

The following functions are available for Same-Issue motions when attached to a Group of Same-Issue motions via the Standard Motions page:

- The ability to view Same-Issue motions in the group.
- Same-Issue motions will be displayed in order of the assigned resolution.
- The ability to edit and delete the Same-Issue motions

2. Attendance Register page sort order defaulted to lot number

The Attendance Register page has been enhanced to change the default sort order to be by lot number (lowest to highest). Non-owner office bearers either with or without a linked nominating lot are now listed together at the bottom of the register and are ordered by Surname (A-Z).

The screenshot shows the 'Attendance Register' page with a table of members. The table columns are: Given Name, Surname, Capacity, Lot, Voting Method, Attendance Method, Votes, Financial in BCMax, Financial, and Eligible to Vote. The members are sorted by Lot number (1, 1, 2, 3, 3, 4, 6, 9). A yellow box highlights the 'Lot' column and the bottom section of the register, which includes non-owner office bearers. A legend at the bottom explains the sorting: 'Non Owner Office bearers ordered by Surname and at bottom of the register' and 'Owners are ordered by Lot Number'.

Owners are ordered by Lot Number

3. Tool tips added for headings on the Attendance Register page

The Attendance register has been enhanced to include tool tips on several headings to provide greater insight into the desired use of their corresponding columns. Tool tips are included on the following columns:

- Financial in BCMax
- Financial
- Eligible to Vote

To open the tool tip simply hover over the  next to the column headers.

4. When creating a Motion or Standard Motion, the motion type field cannot be changed once save is submitted

Enhancements have been made when adding a new motion via the Motion Details and Standard Motion Details to prevent the motion type field from being changed once the Save button is submitted. A tool tip has been added to the Type field to provide more information as to why this cannot be changed and to provide guidance as to how to proceed.

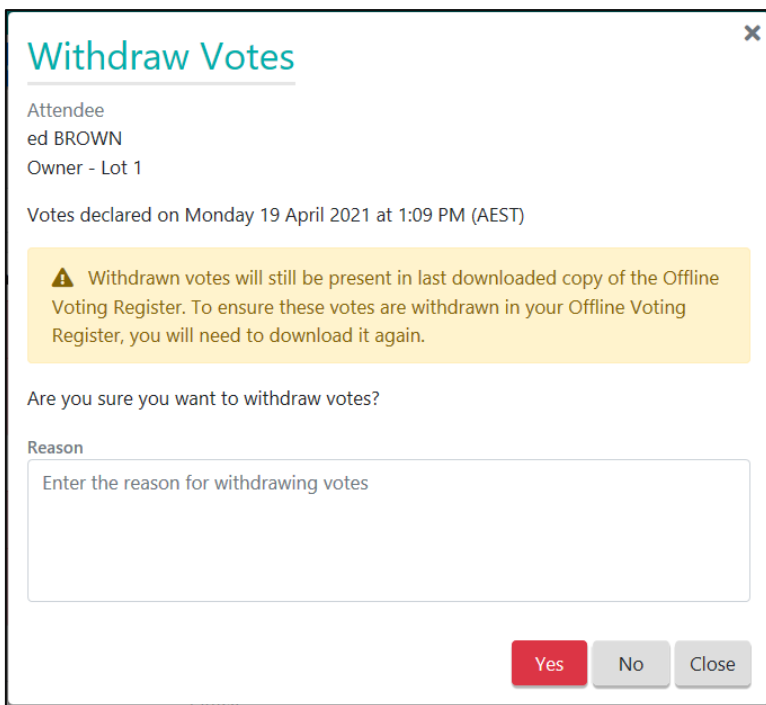

The screenshot shows the 'Standard Motion Details' page in the Meeting Hub. The page has a teal header with 'Meeting Hub' and a user profile for 'Bob Down'. A left sidebar contains navigation options like 'Meetings', 'Historical Meetings', 'Standard Motions', 'Details', 'Body', 'Explanatory Notes', 'Voting Instructions', 'Voting Alternatives', 'Standard Agenda Items', 'Standard Meetings', 'Template Groups', and 'Online Help'. The main content area is titled 'Standard Motion Details' and contains a form with the following fields:

- Title: Building Painting
- State: Queensland
- Type: Motion With Alternatives (highlighted with a yellow box and labeled 'Field and Tool tip')
- Category: -- Select One --
- Required Resolution: Majority Resolution
- Submitted By: Committee
- Secret Ballot:
- No Proxy Voting:

5. When withdrawing a vote via the Attendance Register, a message now advises of potential impacts to the Offline Voting Register

An additional message prompt has been added when votes have been withdrawn from the Attendance Register page. The message is to advise that the Offline Voting Register will need to be downloaded again, to enable withdrawn votes to be correctly reflected.

On selecting the Votes icon from the Attendance Register page and selecting 'Withdraw Votes' button the following prompt is displayed.

Note:- This message prompt will display for votes submitted in the Attendance Register pages or for votes submitted from the Online Voting pages.
