Notice of Privacy Incident

Dear Borrower or Co-Borrower,

We are writing to inform you of a data security incident that involved some of your personal information. We take the privacy and security of your personal information very seriously. Although we are not aware of any actual misuse of your personal information as a result of this incident, due to the sensitive nature of the compromised personal information, we are writing to inform you of the incident, to advise you of steps to further protect your personal information, and to offer you five (5) years of complimentary identity monitoring services.

What Happened?

On April 7, 2021, we were notified by one of our third-party service providers, LogicGate, that it had been the victim of a security incident. LogicGate is a top risk management software vendor that helps thousands of companies manage risk and maintain compliance. According to LogicGate, on February 23, 2021, an unauthorized third party gained unlawful access to LogicGate's systems by compromising the username and password of a LogicGate employee. Through the compromise, the actor was able to find and decrypt certain files stored in LogicGate's Risk Cloud backup environment, including some of Fairway's files. Fairway's internal systems were not compromised.

LogicGate reports that it has taken a number of steps to investigate and mitigate the impact of this incident. Among other things, LogicGate identified the compromised account and secured its system. LogicGate also retained outside forensics experts to conduct a review of the unauthorized activity, deactivated the credentials associated with the compromise, and notified law enforcement.

What You Can Do To Protect Your Information:

Under the U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call toll-free, (877) 322-8228.

You may also contact the three (3) major credit bureaus directly to request a free copy of your credit report. You may wish to stagger your requests, so that you receive a free report by one of the three credit bureaus every four months.

You have the right to place a "security freeze" on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any

other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

Equifax Security Freeze P.O. Box 105788 Atlanta, GA 30348 (800) 685-1111 https://www.equifax.com/personal/help/place-lift-remove-security-freeze/	Experian Security Freeze P.O. ---	--	--

To request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five years, provide the addresses where you lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.); and
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended "fraud alert" on your file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven (7) years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:

Notice of Privacy Incident

Dear Gerad Smith,

We are writing to inform you of a data security incident that involved some of your personal information. We take the privacy and security of your personal information very seriously. Although we are not aware of any actual misuse of your personal information as a result of this incident, due to the sensitive nature of the compromised personal information, we are writing to inform you of the incident, to advise you of steps to further protect your personal information, and to offer you five (5) years of complimentary identity monitoring services.

What Happened?

On April 7, 2021, we were notified by one of our third-party service providers, LogicGate, that it had been the victim of a security incident. LogicGate is a top risk management software vendor that helps thousands of companies manage risk and maintain compliance. According to LogicGate, on February 23, 2021, an unauthorized third party gained unlawful access to LogicGate's systems by compromising the username and password of a LogicGate employee. Through the compromise, the actor was able to find and decrypt certain files stored in LogicGate's Risk Cloud backup environment, including some of Fairway's files. Fairway's internal systems were not compromised.

LogicGate reports that it has taken a number of steps to investigate and mitigate the impact of this incident. Among other things, LogicGate identified the compromised account and secured its system. LogicGate also retained outside forensics experts to conduct a review of the unauthorized activity, deactivated the credentials associated with the compromise, and notified law enforcement.

Notice of Privacy Incident

Dear Alancia Unser,

We are writing to inform you of a data security incident that involved some of your personal information. We take the privacy and security of your personal information very seriously. Although we are not aware of any actual misuse of your personal information as a result of this incident, due to the sensitive nature of the compromised personal information, we are writing to inform you of the incident, to advise you of steps to further protect your personal information, and to offer you five (5) years of complimentary identity monitoring services.

What Happened?

On April 7, 2021, we were notified by one of our third-party service providers, LogicGate, that it had been the victim of a security incident. LogicGate is a top risk management software vendor that helps thousands of companies manage risk and maintain compliance. According to LogicGate, on February 23, 2021, an unauthorized third party gained unlawful access to LogicGate's systems by compromising the username and password of a LogicGate employee. Through the compromise, the actor was able to find and decrypt certain files stored in LogicGate's Risk Cloud backup environment, including some of Fairway's files. Fairway's internal systems were not compromised.

LogicGate reports that it has taken a number of steps to investigate and mitigate the impact of this incident. Among other things, LogicGate identified the compromised account and secured its system. LogicGate also retained outside forensics experts to conduct a review of the unauthorized activity, deactivated the credentials associated with the compromise, and notified law enforcement.

What You Can Do To Protect Your Information:

We encourage you to remain vigilant against incidents of identity theft and fraud, promptly change any involved account passwords, and to review account statements, credit reports, and explanation of benefits forms for suspicious activity. Under the U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call toll-free, (877) 322-8228.

You may also contact the three (3) major credit bureaus directly to request a free copy of your credit report. You may wish to stagger your requests, so that you receive a free report by one of the three credit bureaus every four months.

You have the right to place a "security freeze" on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any

other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

Equifax Security Freeze P.O. Box 105788 Atlanta, GA 30348 (800) 685-1111 https://www.equifax.com/personal/help/place-lift-remove-security-freeze/	Experian Security Freeze P.O. Box 9554 Allen, TX 75013 (888) 397-3742 https://www.experian.com/freeze/center.html	TransUnion Credit Freeze P.O. Box 160 Woodlyn, PA 19094 (888) 909-8872 www.transunion.com/credit-freeze
---	--	--

To request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five years, provide the addresses where you lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.); and
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended "fraud alert" on your file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven (7) years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:

Equifax P.O. Box 740241 Atlanta, GA 30374 www.equifax.com (888) 766-0008	Experian P.O. Box 9554 Allen, TX 75013 www.experian.com (888) 397-3742	TransUnion P.O. Box 160 Woodlyn, PA 19094 www.transunion.com (800) 680-7289

As an alternative to a security freeze, you have the right to place an initial or extended "fraud alert" on your file at no cost. Dear David Browne,

We are writing to inform you of a data security incident that involved some of your personal information. We take the privacy and security of your personal information very seriously. Although we are not aware of any actual misuse of your personal information as a result of this incident, due to the sensitive nature of the compromised personal information, we are writing to inform you of the incident, to advise you of steps to further protect your personal information, and to offer you five (5) years of complimentary identity monitoring services.

What Happened?

On April 7, 2021, we were notified by one of our third-party service providers, LogicGate, that it had been the victim of a security incident. LogicGate is a top risk management software vendor that helps thousands of companies manage risk and maintain compliance. According to LogicGate, on February 23, 2021, an unauthorized third party gained unlawful access to LogicGate's systems by compromising the username and password of a LogicGate employee. Through the compromise, the actor was able to find and decrypt certain files stored in LogicGate's Risk Cloud backup environment, including some of Fairway's files. Fairway's internal systems were not compromised.

LogicGate reports that it has taken a number of steps to investigate and mitigate the impact of this incident. Among other things, LogicGate identified the compromised account and secured its system. LogicGate also retained outside forensics experts to conduct a review of the unauthorized activity, deactivated the credentials associated with the compromise, and notified law enforcement.

Notice of Privacy Incident

Dear Cynthia Jones,

We are writing to inform you of a data security incident that involved some of your personal information. We take the privacy and security of your personal information very seriously. Although we are not aware of any actual misuse of your personal information as a result of this incident, due to the sensitive nature of the compromised personal information, we are writing to inform you of the incident, to advise you of steps to further protect your personal information, and to offer you five (5) years of complimentary identity monitoring services.

What Happened?

On April 7, 2021, we were notified by one of our third-party service providers, LogicGate, that it had been the victim of a security incident. LogicGate is a top risk management software vendor that helps thousands of companies manage risk and maintain compliance. According to LogicGate, on February 23, 2021, an unauthorized third party gained unlawful access to LogicGate's systems by compromising the username and password of a LogicGate employee. Through the compromise, the actor was able to find and decrypt certain files stored in LogicGate's Risk Cloud backup environment, including some of Fairway's files. Fairway's internal systems were not compromised.

LogicGate reports that it has taken a number of steps to investigate and mitigate the impact of this incident. Among other things, LogicGate identified the compromised account and secured its system. LogicGate also retained outside forensics experts to conduct a review of the unauthorized activity, deactivated the credentials associated with the compromise, and notified law enforcement.

What You Can Do To Protect Your Information:

We encourage you to remain vigilant against incidents of identity theft and fraud, promptly change any involved account passwords, and to review account statements, credit reports, and explanation of benefits forms for suspicious activity. Under the U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call toll-free, (877) 322-8228.

You may also contact the three (3) major credit bureaus directly to request a free copy of your credit report. You may wish to stagger your requests, so that you receive a free report by one of the three credit bureaus every four months.

You have the right to place a "security freeze" on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any

other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

Equifax Security Freeze P.O. Box 105788 Atlanta, GA 30348 (800) 685-1111 https://www.equifax.com/personal/help/place-lift-remove-security-freeze/	Experian Security Freeze P.O. Box 9554 Allen, TX 75013 (888) 397-3742 https://www.experian.com/freeze/center.html	TransUnion Credit Freeze P.O. Box 160 Woodlyn, PA 19094 (888) 909-8872 www.transunion.com/credit-freeze
---	--	--

To request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five years, provide the addresses where you lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.); and
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended "fraud alert" on your file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven (7) years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:

Equifax P.O. Box 740241 Atlanta, GA 30374 www.equifax.com (888) 766-0008	Experian P.O. Box 9554 Allen, TX 75013 www.experian.com (888) 397-3742	TransUnion P.O. Box 160 Woodlyn, PA 19094 www.transunion.com (800) 680-7289

What You Can Do To Protect Your Information:

We encourage you to remain vigilant against incidents of identity theft and fraud, promptly change any involved account passwords, and to review account statements, credit reports, and explanation of benefits forms for suspicious activity. Under the U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call toll-free, (877) 322-8228.

You may also contact the three (3) major credit bureaus directly to request a free copy of your credit report. You may wish to stagger your requests, so that you receive a free report by one of the three credit bureaus every four months.

You have the right to place a "security freeze" on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any

other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

Equifax Security Freeze P.O. Box 105788 Atlanta, GA 30348 (800) 685-1111 https://www.equifax.com/personal/help/place-lift-remove-security-freeze/	Experian Security Freeze P.O. ---	--	--

To request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five years, provide the addresses where you lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.); and
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended "fraud alert" on your file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven (7) years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:

Dear Monica Muresan,

We are writing to inform you of a data security incident that involved some of your personal information. We take the privacy and security of your personal information very seriously. What Happened?

On April 7, 2021, we were notified by one of our third-party service providers, LogicGate, that it had been the victim of a security incident. LogicGate is a top risk management software vendor that helps thousands of companies manage risk and maintain compliance. According to LogicGate, on February 23, 2021, an unauthorized third party gained unlawful access to LogicGate's systems by compromising the username and password of a LogicGate employee. Through the compromise, the actor was able to find and decrypt certain files stored in LogicGate's Risk Cloud backup environment, including some of Fairway's files. Fairway's internal systems were not compromised.

LogicGate reports that it has taken a number of steps to investigate and mitigate the impact of this incident. Among other things, LogicGate identified the compromised account and secured its system. LogicGate also retained outside forensics experts to conduct a review of the unauthorized activity, deactivated the credentials associated with the compromise, and notified law enforcement.

Notice of Privacy Incident

Dear Mary McClone,

We are writing to inform you of a data security incident that involved some of your personal information. We take the privacy and security of your personal information very seriously. Although we are not aware of any actual misuse of your personal information as a result of this incident, due to the sensitive nature of the compromised personal information, we are writing to inform you of the incident, to advise you of steps to further protect your personal information, and to offer you five (5) years of complimentary identity monitoring services.

What Happened?

On April 7, 2021, we were notified by one of our third-party service providers, LogicGate, that it had been the victim of a security incident. LogicGate is a top risk management software vendor that helps thousands of companies manage risk and maintain compliance. According to LogicGate, on February 23, 2021, an unauthorized third party gained unlawful access to LogicGate's systems by compromising the username and password of a LogicGate employee. Through the compromise, the actor was able to find and decrypt certain files stored in LogicGate's Risk Cloud backup environment, including some of Fairway's files. Fairway's internal systems were not compromised.

LogicGate reports that it has taken a number of steps to investigate and mitigate the impact of this incident. Among other things, LogicGate identified the compromised account and secured its system. LogicGate also retained outside forensics experts to conduct a review of the unauthorized activity, deactivated the credentials associated with the compromise, and notified law enforcement.

What You Can Do To Protect Your Information:

We encourage you to remain vigilant against incidents of identity theft and fraud, promptly change any involved account passwords, and to review account statements, credit reports, and explanation of benefits forms for suspicious activity. Under the U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call toll-free, (877) 322-8228.

You may also contact the three (3) major credit bureaus directly to request a free copy of your credit report. You may wish to stagger your requests, so that you receive a free report by one of the three credit bureaus every four months.

You have the right to place a "security freeze" on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any

other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

Equifax Security Freeze P.O. Box 105788 Atlanta, GA 30348 (800) 685-1111 https://www.equifax.com/personal/help/place-lift-remove-security-freeze/	Experian Security Freeze P.O. Box 9554 Allen, TX 75013 (888) 397-3742 https://www.experian.com/freeze/center.html	TransUnion Credit Freeze P.O. Box 160 Woodlyn, PA 19094 (888) 909-8872 www.transunion.com/credit-freeze
---	--	--

To request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five years, provide the addresses where you lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.); and
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended "fraud alert" on your file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven (7) years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:

Equifax P.O. Box 740241 Atlanta, GA 30374 www.equifax.com (888) 766-0008	Experian P.O. Box 9554 Allen, TX 75013 www.experian.com (888) 397-3742	TransUnion P.O. Box 160 Woodlyn, PA 19094 www.transunion.com (800) 680-7289

Under the U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call toll-free, (877) 322-8228.

The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. 1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five years, provide the addresses where you lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;

As an alternative to a security freeze, you have the right to place an initial or extended "fraud alert" on your file at no cost. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. On April 7, 2021, we were notified by one of our third-party service providers, LogicGate, that it had been the victim of a security incident. LogicGate is a top risk management software vendor that helps thousands of companies manage risk and maintain compliance. According to LogicGate, on February 23, 2021, an unauthorized third party gained unlawful access to LogicGate's systems by compromising the username and password of a LogicGate employee. Through the compromise, the actor was able to find and decrypt certain files stored in LogicGate's Risk Cloud backup environment, including some of Fairway's files. Fairway's internal systems were not compromised.

LogicGate reports that it has taken a number of steps to investigate and mitigate the impact of this incident. Among other things, LogicGate identified the compromised account and secured its system. LogicGate also retained outside forensics experts to conduct a review of the unauthorized activity, deactivated the credentials associated with the compromise, and notified law enforcement.
