

Curriculum Vitae for Jo Bloggs

Address:

1 Smith St, Brisbane, 4000, Queensland

DOB 1/1/85

EMAILS: Joebloggs@gmail.com

Sex: Female Marital Status: Single

AHRA MED0000000000

PHONE: 0400000000

Personal profile

I really want to work hard to become an anesthetist. I like working with people and I get on well with everyone in the team. I'm working as an anaesthetic PHO now and doing obstetrics on call so I have a lot of experience to offer. I like research and teaching.

Qualifications

2016 Bachelor of Medicine and Bachelor of Surgery **Distinction**

2015 Excellence award for research

2012 Bachelor of Sciences

Society membership

I am a member of ANZCA, SoEUK, ASA and AMA (rep for trainees)

Jobs and skills

PHO Anaesthetics Feb 2020- Feb 2021

SHO Augy at 2019 to feb 2020 General Medicine and Cardiology

SHO Feb 2019 to Aug 2019

JHO February 2018 – Feb 2019

2017 Intern year

I help make and serve meals at Brisbane Homeless Connect once a month but this is not paid.

I can independently do insertion of airway devices like guedels and LMAs. I've done a lot of epidurals and spinals. In ICU I learned central and arterial line insertion and could do these without help. I can also use ulytrasound for cannulas. I'm learning intubations and have done some regional blocks, and 3 CSEs and 2 chest drains when I was in ED.

I've worked with iEMR and SAA and can use these well. I've also done telehealth in clinic. I'm good at Microsoft office programs, type quickly and have learned a lot about Strata with doing the research project

Audit

2018 *Audit of blood glucose control in ICU*

2019 *Audit and literature review of desaturation events during procedural sedation in the Emergency Department*

Patient Information Leaflet Development: Information after sedation in the emergency department.

2020 *Audit of epidural monitoring*

Study of the relative risk of aspiration with different degrees of head up tilt at endoscopy.

Publications

Letter to the editor: Gas flow through different mask types 2020 Anaesthesia

Abstract published: Reducing the risk of perioperative desaturation with high flow nasal oxygen ANZCA Bulletin December 2019

Presentations

2020 Journal club presentation x3

3 case presentations at anaesthetic M&M

Epidural monitoring audit

ECG interpretation for students

Airway anatomy

Ultrasound use for central line insertion

2018 Case presentation about a 75 year old with migraine with aura, also talked about the differential diagnosis of headache

Journal club presentation August, September

Intern orientation about word call

Blood glucose control audit

5 M&M in anaesthetics, medicine and paediatrics

2019 Poster presentation ACEM ASM

“Reducing the risk of perioperative desaturation with high flow nasal oxygen”

1 case presentation at cardiology M&M

2 case presentations at Intensive Care M&M

Desaturation during sedation audit

New patient information leaflet

2017 Case presentation: Hepatorenal failure, department of medicine

2021 Airway skills for interns

Preoperative scoring for laparotomy, departmental peer group teaching

2019 Blood gas interpretation for medical students and interns

Sepsis and septic shock management

2017 Management of community acquired pneumonia, peer group teaching

Teaching and organisation

2019 I organised a mock exam for 3 medical students and have examined at the University. In

2019 I also was Education Committee elected trainee representative for 6 months

2021 I had an intern buddy

2020 I supervised medical students taking histories, examination and putting in cannulas
cannulation. I also did the roster for 6 months.

2018 I got elected to the AMA Council of Doctors in Training as the hospital representative

Courses

2017 Advanced Life Support and neonatal resuscitation course

2020 ANZCA Part Zero Course,

human factors in a health care environment, online university of east anglia uk, national airway training course for anaesthetic trainees, monash perioperative medicine short course, anzca feedback modules, online training

2019 basic assessment and support in intensive care course, bloodsafe e-learning – critical bleeding module. Introduction to research ethics: working with people. Clinical supervision with confidence, online university of east anglia uk and everyday coaching skills for better conversations, online learning ilearn

2018 Advanced Life Support Instructor Course completed and Clinical Educator Preparation and Support

Interests outside of medicine

I like playing netball and help the new kids before I play. I like travelling, meeting up with friends and baking.

I verify that the information contained within this Curriculum Vitae is true and correct as
31/01/2021.
