Dear Petrina,

I'm so happy you made this the year to impact your career progression by becoming a member of the Healthcare Businesswomen's Association (HBA). Nearly 52 percent of members say being part of this organization has **helped advance their careers**. As a member, you will also be able to tap into this network to help advance your own career and professional development.

I know you will find your membership benefits valuable to you and your career. Before we delve into the details of what your membership includes, we would like to give you a brief introduction to the HBA and how we have positively impacted some of our current members.

Welcome to the HBA's United Force for Change. **I invite you to browse [your local chapter microsite](#)** to get an overview of what is currently happening in your area. We will be in touch with more information about your membership next week.

As always, please feel free to [contact us](#) with questions or concerns.

Sincerely,

Laurie P. Cooke
President and CEO
