

IMMEDIATE ACTION

SERVICE

NUMBER 113

BULLETIN

May 3, 1949

SUBJECT: Weight and Balance Form

MODELS AFFECTED: PA-11-90 Aircraft

The weight and balance forms which were issued with all Model PA-11 90 airplanes, prior to serial number 11-993, are not correct in so far as loading and C. G. limits specified are concerned. The forms issued apply to the Model PA-11 65 airplanes only.

All owners of PA-11 90 aircraft are requested to return their present weight and balance forms to the Service Department, Piper Aircraft Corporation, with their present mailing address. Upon receipt of the old form a new and correct form will be sent to the owner.

The PA-11 90 Flight Manual which was issued with each airplane is not required and, as they contain erroneous information in so far as the latest specification is concerned, they should be destroyed.

End

PIPER AIRCRAFT CORPORATION, LOCK HAVEN, PA., U. S. A.
