LETTER

Service Letter No. 248

May 13, 1955

TO: All Distributors, Dealers, Owners and Operators

SUBJECT: Auxiliary Fuel Tank for the Model PA-22 Airplanes

MODELS AFFECTED: PA-22, serials 22-534 and up

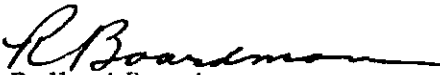

This letter announces the approval of the eight gallon auxiliary fuel tank installation in the PA-22 "135" and PA-22 "150" airplanes, serials 22-534 and up.

The eight gallon tank is located underneath the rear seat and feeds the supply of auxiliary fuel into the right wing tank by using an electric booster pump mounted underneath the front seat on the right side. The filler opening for the tank is just aft of the right hand cabin door.

Kit 754 074 lists at \$124.00* and can be ordered thru your nearest Piper distributor.

Very truly yours,

PIPER AIRCRAFT CORPORATION
