Service Memo No. 69

SUBJECT: Flight Approval for PA-22 Tri-Pacer With Rear Door
Removed

MODELS AFFECTED: PA-22 Series Airplanes
PA-22-1 to 22-7630 inclusive

Due to the many inquiries concerning the use of the PA-22 Tri-Pacer with the rear door removed (parachute jumping, photography, etc.), an approval has been obtained for this operation.

Under the subject condition, no baggage can be carried and all loose objects in the aircraft must be secured.

The airspeed limitations and placards stated in the Supplemental Flight Manual must be strictly observed.

When utilizing the airplane in such an operation a Supplemental Flight Manual must be in the aircraft. These manuals can be obtained from the Service Department, Piper Aircraft Corporation, Lock Haven, Penna.
