## Where can I go for a test?

You can go to a clinic or you can visit a **[no-barrier community testing site run by the State of Minnesota for a saliva or rapid test](https://mn.gov/covid19/get-tested/testing-locations/community-testing.jsp)**. (<https://mn.gov/covid19/get-tested/testing-locations/community-testing.jsp>). Use the map below to find a clinic or community COVID-19 testing site near you.

You can also use [Minnesota's no-cost Test at Home program](https://www.health.state.mn.us/diseases/coronavirus/testsites/athome.html) (<https://www.health.state.mn.us/diseases/coronavirus/testsites/athome.html>).

For more information, please see our [Frequently Asked Questions about COVID-19 Testing](https://mn.gov/covid19/for-minnesotans/if-sick/faq/index.jsp). (<https://mn.gov/covid19/for-minnesotans/if-sick/faq/index.jsp>).

## Minnesota COVID-19 Rapid and Saliva Testing Sites

Community rapid and saliva testing sites are available at no-cost to all Minnesotans. Minnesotans can visit any COVID-19 community testing site. However, PCR tests are the recommended testing option for people who do not have any symptoms of COVID-19. Hospitals, clinics, and pharmacies may have different pay structures, so be sure to contact both the testing site and your health insurance company ahead of your visit to make sure you won't be charged for a test.
