

Office Practicum Release Notes

Version 20.15 Build .13
(OP 20.15.13)

Release Availability

All Practices: March 1, 2022, following the standard availability announcement

Issue Resolution

We've fixed an issue that occurred after the update to 20.15.12 where the CDA content was blank. With this fix, the CDA content is now displayed as expected.

Before submitting a case highlighting release issues, we recommend reviewing the [Support Trends](#) to see if your issue has already been reported. If it has, there is no need to create another case.

All content is subject to change.
