

Adding Users from Your LMS

Students and staff can be automatically added if you are using a supported learning management system and Ed has been configured to use the latest integration.

<input type="checkbox"/>	Name	Email	Role ^	Tutorial	Status
<input type="checkbox"/>	Alison Wonderland	a.wonderland@example.edu	Admin		Enrolled ↕
<input type="checkbox"/>	John Appleseed	john1234@example.edu	Admin		Enrolled ↕
<input type="checkbox"/>	Sally Winters	winters@example.edu	Admin		Enrolled ↕

The **Users** table in the Admin panel. Click a cell to edit it, check rows to unenroll or resend invitations to those users.

If this functionality is available, a **Sync with LMS** button will appear underneath the table of users. Simply click this button and the users list will be synced based on the roster from your LMS.
