

# Office Practicum Maintenance

## Release Notes

Version 20.17 Build .28  
(OP 20.17.28)

### Release Availability

**All Practices:** November 2, 2022, following the standard availability announcement

### Issue Resolutions

- **Scheduling in Progress** is displayed as expected on the schedule to prevent double-booking.
- Random orphan orders for Vision and Hearing screenings are no longer attached to the patient orders and results are displayed in the Diagnostic Test section of the Patient Chart.

Before submitting a case highlighting release issues, we recommend reviewing the [Support Trends](#) to see if your issue has already been reported. If it has, there is no need to create another case.
