

# HOW TO USE THE HOSPITAL SUPPORT STAFF CALCULATOR

This calculator helps you estimate hospital Support Staff (Para) hours needed for the upcoming week based on real data.

You will need:

1. The most recent Good Week Report
2. Your Annual Budget

1

To access the calculator, click on the link below or type it in to your browser

<https://www.cognitoforms.com/WellHavenPetHealth/HospitalSupportStaffParaLaborHoursCalculator>

2

Open your Good Week report and your Hospital Budget from Knowledgebase  
**\*\*You will need your username and password to access the reports**

# 2022 Good Week Report

Last Modified on 11/15/2022 9:50 am PST

[-Week 45.pdf](#)

4

Enter the following metrics from your Good Week Report from the "Running 4 Week Average" column.

1. Hospital Revenue
2. Number of Doctor Days (DVMDs)
3. Average \$ (Rate)/Para Hour

Hospital Revenue **1**

Doctor Days (DVMDs) **2**

## Online Calculator

Average Revenue Per DVMD

This is calculated based on the data inputted above.

Average \$ (Rate) Per Para Hour **3**

Running 4 Week Average

### Good Week Report

	TOTAL	% Rev.
	3,794	33.6%
NON-PRODUCTION REVENUE	1,352	4.8%
Hospital Revenue <b>1</b>	27,910	
<b>Memo Items:</b>		
DVM Days <b>2</b>	8.8	
Pets	113	
Est. Wellness Plan Additional Profit		
Para Hours	191	
Para \$	\$ 4,895	
Para Labor %	17.5%	
Average \$ Per Para Hour <b>3</b>	\$ 25.57	

# 5

Once the numbers are entered you will get the Average Revenue/DVMD. Now enter the Anticipated DVMDs for the upcoming week

**Step 2. Enter the number of anticipated Doctor Days (DVMDs) for the upcoming week in order to estimate revenue.**

Note: A "Doctor Day (DVMD)" assumes a 10-hour shift. For less than a 10-hour shift you can enter this as a decimal (e.g. an 8-hour shift is .8, a 5-hour shift is .5, etc.)

- The other figures will populate based on the averages calculated in Step 1.

Average Revenue/DVMD \$3,171.59	*	Anticipated DVMDs This Week *	=	Estimated Revenue this Week \$28,544.32
	(times)	<input type="text" value="9"/>	(equals)	
		<small>Enter the number of DVMDs for the upcoming week.</small>		

# 6

Now refer to your Budget, on Knowledgebase. Click on the hyperlink to open the report

2022 Budget File:

- [2022 Budget](#) 

# 7

Find you're the Total Para Labor percent for the month you are in

	Monthly 2022 BUDGET:					FY 2022
	May	Jun	Jul	Nov	Dec	
Total DVM Labor	23.2%	22.5%	23.3%	22.9%	22.8%	22.9%
Total Para Labor	20.6%	20.7%	20.7%	22.4%	22.4%	21.0%
Total Other Labor	8.4%	8.3%	8.4%	8.4%	8.4%	8.0%
<b>Total Labor</b>	<b>52.1%</b>	<b>51.5%</b>	<b>52.4%</b>	<b>53.7%</b>	<b>53.6%</b>	<b>52.6%</b>

# 8

Enter the Target Para % into step 3

### Step 3. Enter your Target Para % to find your Target Para Hours for the upcoming week.

- Refer to your **Annual Budget** to find your hospital's "Target Para %".
- The other figures will populate based on the averages calculated in Steps 1 & 2.

For reference, the calculation we are using is:

(Revenue \* Target Para %) / (Average Rate/Para Hour) = Target Support Staff (Para) Hours

(	Estimated Revenue	*	Target Para % *	)	/	Average Rate/Para Hour	=
	\$28,544.32		22.4			\$25.57	
		(times)	<small>Enter this percent</small>		(divided by)		(equals)

# 9

Once all the numbers have been entered you will get your Target Support Staff Hours for the week

\*\*\*Please remember these hours are the max you can schedule if you want to stay within budget

→ Target Support Staff (Para) Hours for This Week: 250.06 ←
