What's Better

- The Close Meeting page in Meeting Hub has been enhanced to no longer request the user to refresh the page when changes to votes have been submitted.
- In Meeting Hub once a motion has been reinstated or withdrawn via their respective pages, there is no longer a need to re-save the action on the Manage Agenda & Motion Details page.
- Meeting attendees who are attending the meeting in person are now displayed in the chairperson drop down list on the Commence Meeting page in Meeting Hub.
- The default number of items on the Attendee Vote Collection page in Meeting Hub has been increased from 10 to 100. In addition, all pages with lists in Meeting Hub now support 100 and 200 items per page.
