## DEALER SYSTEM ADMINISTRATOR INFORMATION

### Who is the Administrator?

In order to perform offsite programming for Total Control® systems, each URC Dealership must **assign an Administrator**. This is the person who will be responsible for registering/inputting and removing specific Installers and granting rights and permissions related to customer program files for Installers within your Dealership. Typically, this is a person who manages the Installer or Customer Service Group within your Company.

First Name of Administrator: \_\_\_\_\_ Last Name of Administrator: \_\_\_\_\_

Direct Email of Administrator (must be an individual, please do not put in an overall company email):

\_\_\_\_\_

Confirm Administrator Email: \_\_\_\_\_
