What's New

1. Meeting Hub – Online Voting Register (OVR)

A new prompt has been introduced in the OVR process to advise the manager of possible differences between outcomes online and in the OVR. When the Export option is submitted the new prompt is displayed.

Note: this will only occur for the following meeting statuses;

- Meeting in Progress
- Meeting Held
- Reconvened Meeting
- Minutes Issued

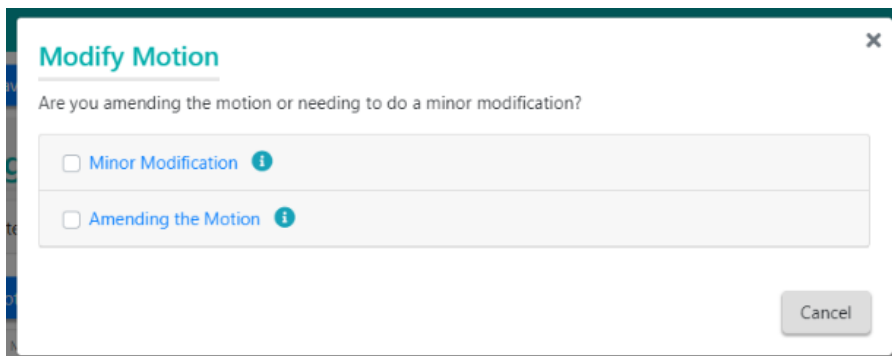

2. Meeting Hub – Meeting close and open date

The 'Commence meeting' page has been enhanced to no longer allow the open date to be set as a date greater than the current system date. The 'Close meeting' page has been enhanced to no longer allow the Close date to be set as a date greater than the current system date.

The 'Progress Meeting' Held modal has been enhanced to no longer allow the Close and Open dates to be set as a date greater than the current system date.

What's Better

- The standard motion type 'Motion to accept amendment' has been fixed to no longer remove the required resolution when editing in Meeting Hub
- In the 'Manage Agenda and Motion details' page, on amending a motion, after adding and reordering new motions, the page has been enhanced to display both Modification options to make an amendment or a minor modification.
