What's Better4

What's New

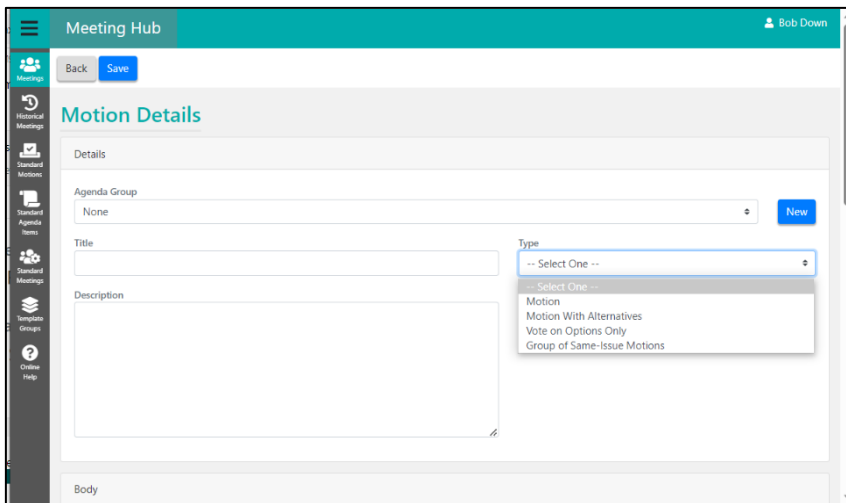

1. Last insurance commission merge fields

A new merge field 'Last Insurance Commission Amount Paid' has been added to the WYSIWYG editor in Meeting Hub, to output the field 'Insurance Commission Last Paid' from the Building Information screen in BCMax.

The existing merge field 'Last Insurance Commission Paid' has been renamed to 'Last Insurance Commission Paid Date'.

2. Committee elections cannot be added to a committee meeting

Committee Elections are no longer available to be selected from the motion type dropdown for Committee Meetings.

What's Better

- An enhancement has been made to Meeting Hub to remove all warning, error, and success messages after 10 seconds.
- Additional information has been added to the secret voting message in VoteMax to better guide a voter on how to vote for motions that require a secret vote or secret ballot.
