Welcome Aboard

On behalf of the entire SimplePart team, I'd like to take this opportunity to welcome you to the SimplePart family as a new client and partner. We are thrilled to have you with us.

At SimplePart, we pride ourselves on tying our business success to the growth and success of our clients. This alignment keeps us focused on what's important: helping you navigate and prosper in the ever-changing online aftersales landscape. SimplePart has an uncompromising dedication to client success, innovation and turnkey solutions, which is why we power parts, accessories and service eCommerce programs for some of the world's most successful automotive OEMs and dealers.

SimplePart does all the heavy lifting for you, from integrating PCI-compliant checkout security to creating premium, on-brand experiences. Our solutions and people are aligned with helping you succeed, however you define success. We constantly evolve our platform to incorporate the best in user experience, design and eCommerce standards.

Most importantly, we take an active role in ensuring your online parts, accessories and service business stands on its own and generates real, bottom-line profit. Our experienced team guides you with business strategy and execution to optimize every aspect of your eCommerce business.

No hidden catches, no tedious management and no long-term commitments. Just everything you need to sell genuine parts and accessories online, painlessly.

First 30 Days: What to Expect

Thank you for making the choice to use SimplePart as your eCommerce partner. Once your signed agreement has been processed, you start a very important period: the first 30 days. There is still a lot to accomplish before your online site is ready to sell parts and accessories. Once our Sales team passes your information on to our Client Services team, one of our Setup team members will contact you to introduce themselves and gather contact information.

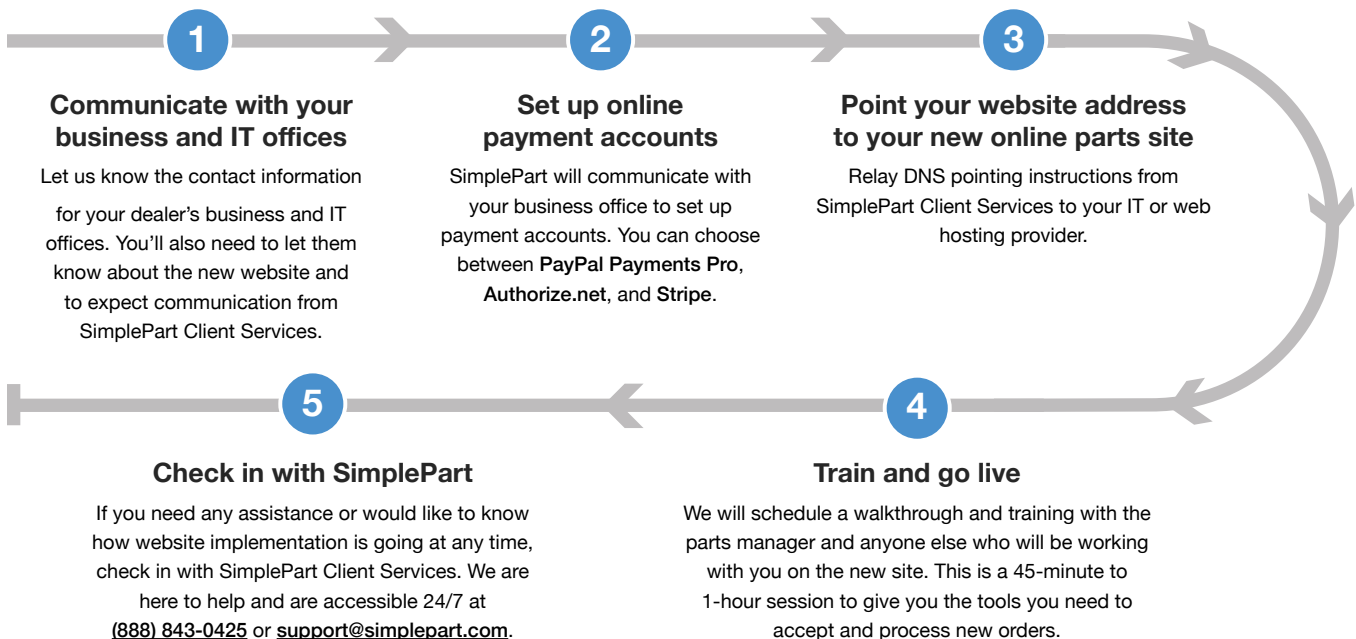

THEY WILL NEED THE CONTACT INFORMATION FOR YOUR:

1. IT Department
2. Business Office
3. Accounts Payable Department
4. GM and/or Parts Manager

TIP: This process will go faster if you contact these offices ahead of time so they know to expect a call from the SimplePart team!

Once our Client Services team has the correct contact information, they'll be able to complete the next steps of your Setup and Onboarding process.

The first step is directing your site to your new SimplePart domain. Our team works with your IT department to make sure this is accomplished correctly so your new parts site can be set up.

First 30 Days: What to Expect (cont.)

Next, our Client Services team works with your business manager to set up a payment gateway for your site. In order to accept credit cards online, you must select and set up a payment gateway provider. SimplePart offers three different payment options:

1. Stripe*
2. Authorize.net
3. PayPal Pro

*Stripe is SimplePart's preferred payment provider.

TIP: You can always add PayPal Express as an option to either PayPal Pro or Authorize.net.

Your Client Services team member will help your business manager pick the right option for your dealer. Once a payment gateway option has been selected, a member of our Client Services team will send the proper application or application instructions to get your payment gateway account created.

And, once the payment information has been set up, your Client Services team member will send instructions on how to retrieve identifying account information in order to successfully integrate with our system. If needed, they are available to do a screenshare with your billing office to guide them through the process. Doing this streamlines the process and makes sure everything is put in correctly for your site.

Finally, when you're ready to go live, we'll schedule a 45-minute training and walkthrough to cover everything from how to process an order to how your site works in detail. It's important to have both your business manager and parts manager involved in this training.

After you've completed the training, you'll be ready to go when your site is live! We know this is a lot to accomplish, but SimplePart is there for you every step of the way. You can contact our Setup team at setup@simplepart.com at any time during your setup process, or our Support team at support@simplepart.com once your site is live.

TIP: If you're on a Base+ package, you can always consult with our Dealer Strategy team during your first 30 days to get your site up and running as profitably as possible.

Key Decisions You Will Need to Make

During the first 30 days, there are a few important decisions you need to make in order for your site to function properly once it goes live.

Your most important decision will be which payment gateway you use for your site. As stated in the First 30 Days article, SimplePart offers options for receiving payments on your site. Deciding which one is right for your site ultimately depends on what's easiest and most important for your dealer. We'll briefly go over the features and benefits of each:

stripe

- 3D Secure authentication to verify a customer's identity before an online card purchase
- Batch transactions together
- EIN or SSN needed for account activation
- No setup or monthly fees
- Automatically updates expired or renewed saved card information
- Low transaction fees: 2.9% + \$0.30/transaction

*SimplePart's preferred payment provider.

PayPal[™] Payments Pro

- Apply both PayPal and credit card transactions
- Batch transactions together
- No monthly fee (credit card needed to activate account)
- Amex fees: 3.5% + \$0.30 transaction
- Other major card fees: 2.9% + \$0.30/transaction
- SIN and DOB needed if business is fewer than three years old

Authorize.Net[®] a CyberSource solution

- Can piggyback off your existing Credit Card Merchant Processor
- Rates could be the same as those used at your front counter
- Low monthly fee: \$10/month
- Automatic daily batching to the same bank account associated with your Credit Card Merchant Processor

NOTE: All currency listed is USD and is subject to change.

Of course, different payment gateways require different pieces of information from your business office. Our Client Services team will guide them through this to make sure everything is set up properly for your payment gateway account.

Additionally, in regards to payment information, SimplePart requires your dealer to provide credit card information if you're on packages with Search Engine Marketing (like Base+ and Advanced). This is solely to cover the costs of the targeted Search Engine Marketing your business gets as a part of its package.

Meet the Team

IT'S MORE THAN JUST A PLATFORM.

Sales

The Sales team works to ensure that both current and prospective SimplePart clients are educated on how the platform works; they'll also ensure that your store is using the best package to suit your needs.

John Merritt

Director of Sales and Business Development

John was the first SimplePart customer and a 20 year veteran of the car business. After being an integral part of development, it seemed a natural progression to come join the SimplePart team. Between being a father and a husband, he spends his time curating and managing private car collections. An avid traveler and sailor, he has completed over 12,000 miles towards circumnavigation.

Joel Smith

Inside Sales Representative

Joel has been a member of the SimplePart Sales team since 2023. As one of the first points of contact for new clients, he looks forward to speaking with you about how the SimplePart platform can transform your parts department. He brings with him an automotive background involving classic car sales and restoration. When he's not busy working with dealers across the continent, you can find him wrenching on his Land Cruiser or spending time outside with his wife and son.
