New Features/Functionality

Revisions to UA History

Previously the default result was "-". UA history default values will now show blank. If no result is added the field will now show blank.

Screenings Report

There is a new report for generated Screenings. From the Dispensing module, under the Reports Tab, there is a new Screening section. When the user selects Generate, the user will select Locations, Start Date, End Date, and Status, then select Submit. This will create a report of screening generated within the selected Parameters.
