

Clinical Release Notes 11.4.3

Maintenance Release

NextStep Solutions Version 11.4.3 Release Notes
All content is subject to change.

Release Date: September 24, 2023

Resolved Issues

Timeouts

- We have adjusted the Timeout feature to accommodate different log out times for different open windows. If a background window (such as a report) times out, users will no longer be logged out of their main NSS window.

Weblinks

- We've resolved an error that clients were receiving when trying to fill out a WebLinks form when vitals were included in the form.
