

As of Fall 2023, Absorb has updated their Learner Experience, allowing quicker and easier access between lessons, less mouse clicks, and an easy and exciting way to see your progress while taking the lessons.

This QRG will introduce the new Course Player, and this section will replace the current information about courses on the Learner QRG.

While in a lesson, the **Course Player** allows you to:

- a. **Play** the current lesson.
- b. If there is more than one lesson in the course, this sidebar will show up and allow you to easily navigate through the rest of the lessons in that course by clicking the **Next** or **Previous** buttons or the **lesson name**.
- c. See your Course Progress.
- d. View the Course Details by clicking the **Overview** or **Lesson Details** tab to expand.

• **Overview** tab:
