

Introducing the All-New Patient Portal App!

powered by  INTELICHART

Our Patient Portal app has been fully redesigned to make managing your health on-the-go easier than ever before! Enjoy the same trusted features you love on the desktop version of the portal, now in the palm of your hand.

With our new Patient Portal app you can:

- Schedule and view upcoming appointments
- View lab results, details and history
- Request medication refills
- Send secure messages to your provider
- Complete forms
- View and pay your medical bills

Already using our Patient Portal App?
Simply download the new app from the
Google Play Store or App Store and log-in
using your existing credentials. It's that easy!

Download the App
Scan the QR codes to get started
or simply type in IntelliChart to
find the app in either store.
