What's New

1. Motion to accept amendments default to procedural motions

The standard motion type of 'Motion to Accept Amendment' has been enhanced to default to the category type to 'Procedural' when creating a new standard motion. The category can still be updated to either of the following options:

- Procedural.
- Statutory

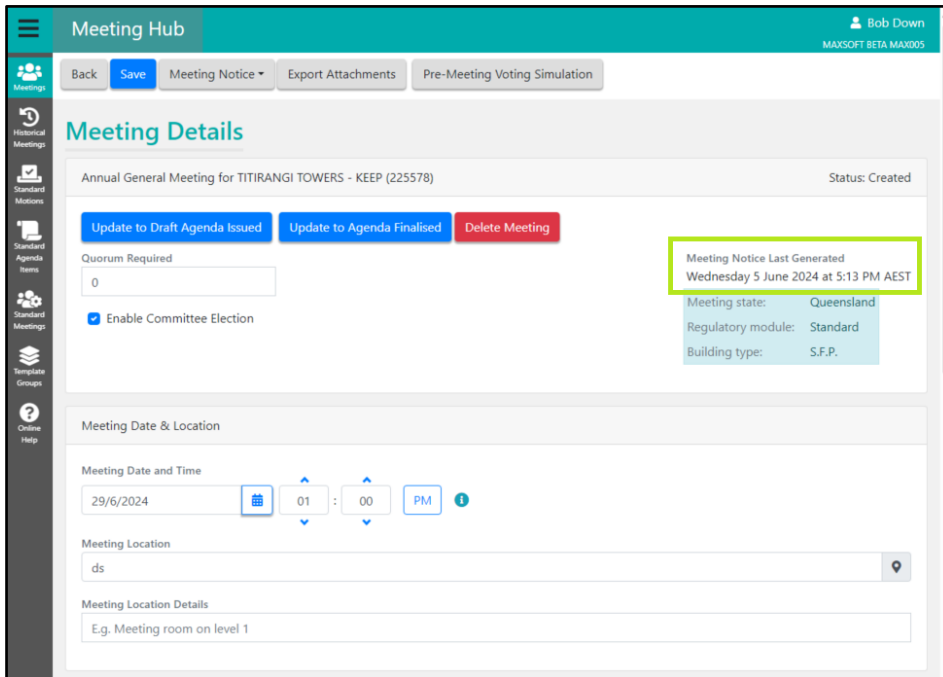

The screenshot shows the 'Standard Motion Details' form in the Meeting Hub. The form is divided into several sections:

- Details:** Contains fields for Title (filled with 'Title test for motion'), Description (empty), State (dropdown set to 'Tasmania'), Type (dropdown set to 'Motion to Accept Amendment'), and Category (dropdown set to 'Procedural'). A red box highlights the 'Type' and 'Category' dropdowns.
- Body:** A rich text editor with a toolbar and a text area. The text area is empty, and the word count is '0 words'.
- Resolution Body:** A checkbox labeled 'Resolution Body Unspecified' which is currently unchecked.

2. Meeting notice and meeting minutes generation dates are now displayed

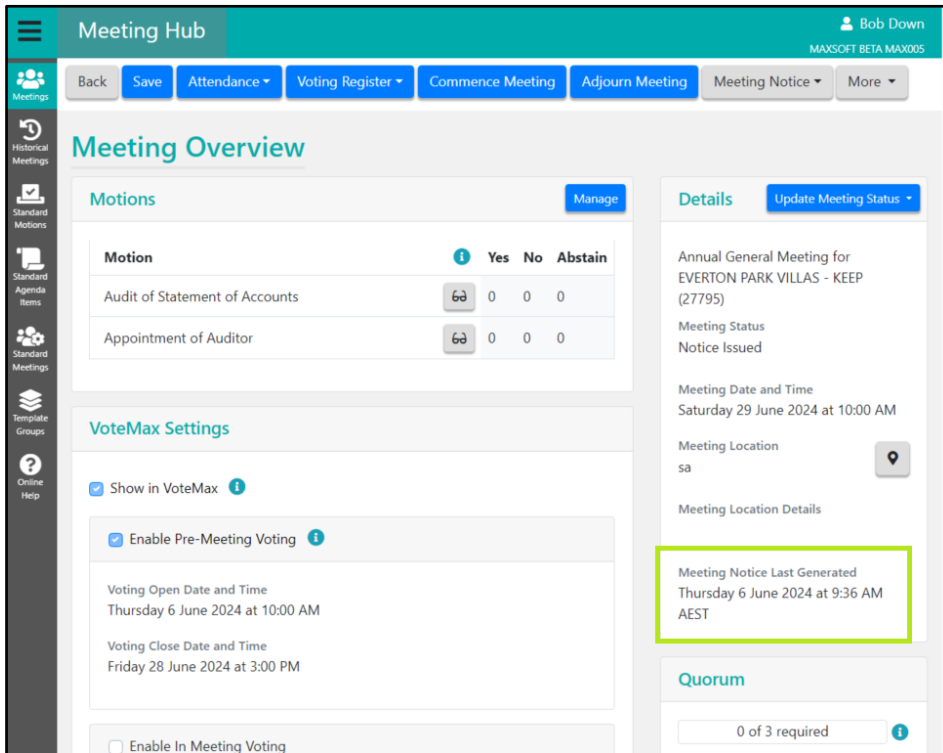

Meeting details page.

The date a meeting notice was last generated is now displayed on the 'Meeting Details' page for meetings in a planning state.

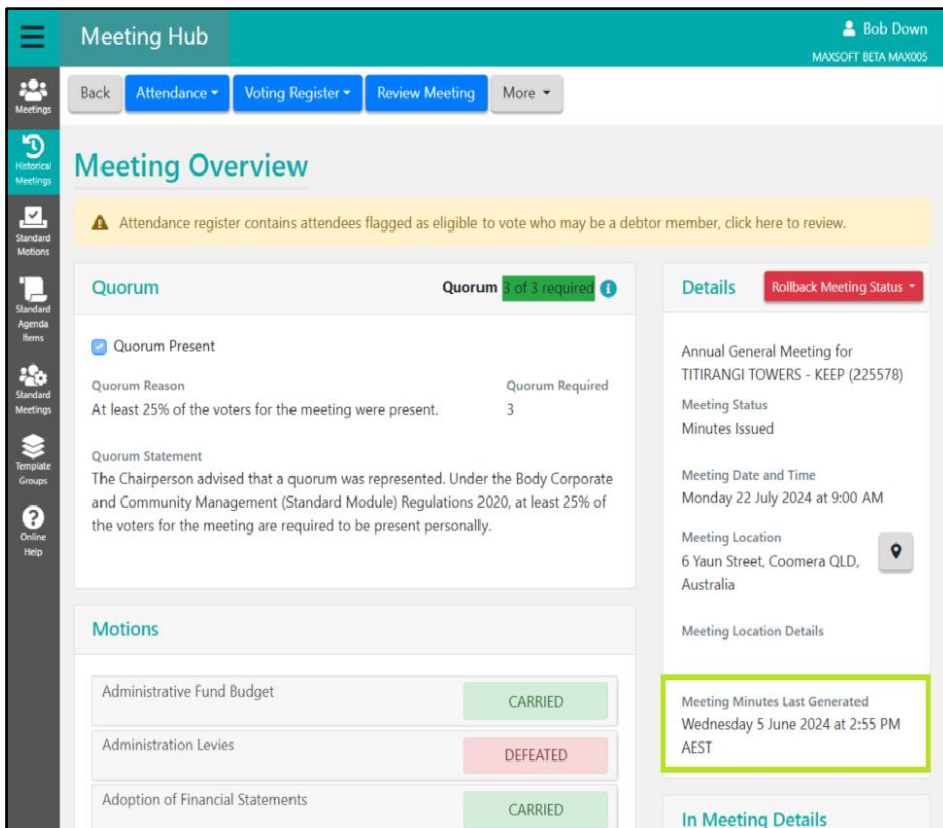

Meeting overview page.

The date a meeting notice was last generated is now displayed on the 'Meeting Overview' for meetings in an active or recently held state.

The date the meeting minutes were last generated is now displayed on the 'Meeting Overview' for meetings with a status of minutes issued.

What's Better

- The meeting date and location fields are again read-only fields on the 'Meeting Overview' page.
