Online Voting Release 2.6.2

StrataMax has been dedicated to meeting the needs of Strata Managers for over 30 years through the continual enhancement of our software suite. We are committed to providing new functionality to support you in servicing your clients and to provide opportunities for you to optimize efficiency within your office environment.

This document describes exciting new features and enhancements available in the above release.

A history of Release Notes can be reviewed on the StrataMax Online Help

THE COMPLETE STRATA MANAGEMENT SOLUTION

StrataMax   StrataCash   TRATAPAY

What's Better

- The amended motion 'Output in minutes' options are now saving on the In Meeting Motion details page.
- Update to Online Voting to the TinyMCE version to improve security
- Update to a Portal CMS query to Cache the results of the CMS query in the user's session rather than affecting the performance of the production database
