# What’s New

## 1. Vote on option only motions have been enhanced

When creating a 'Vote on Options Only' motion type, the 'Required Resolution' field on the 'Motion Details' page will appear as read-only and will be set to one of the following default values:

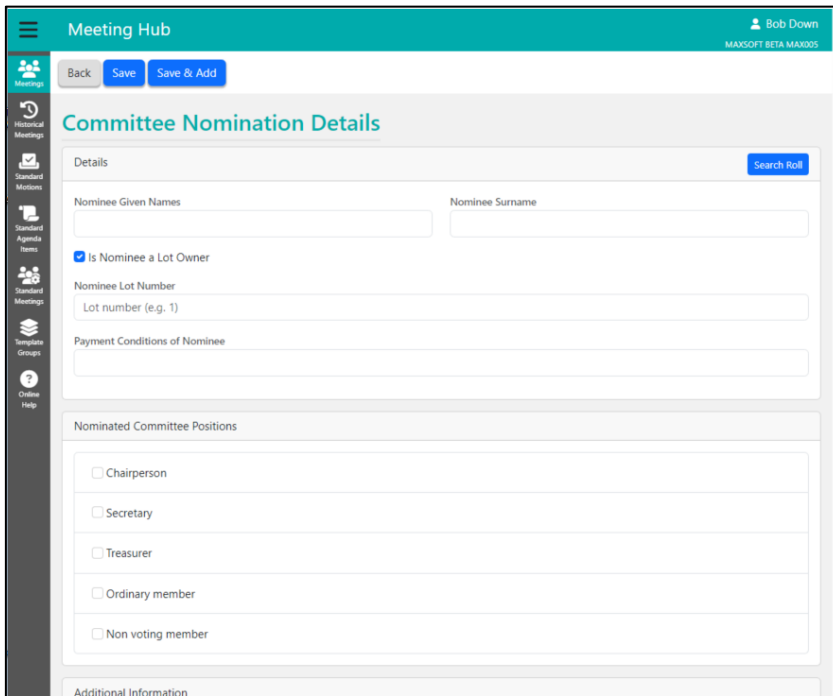

Meeting Type	Meeting State	Default Required Resolution
General Meeting	ACT	Ordinary Resolution
	NSW	Resolution
	NT	Ordinary Resolution
	QLD	Ordinary Resolution
	SA	Ordinary Resolution
	TAS	Ordinary Resolution
	VIC	Ordinary Resolution
	WA	Ordinary Resolution
Committee Meeting	ACT	Committee Resolution
	NSW	Committee Resolution
	NT	Committee Resolution
	QLD	Committee Resolution
	SA	Committee Resolution
	TAS	Committee Resolution
	VIC	Committee Resolution
	WA	Council Resolution

## 2. Enhanced navigation for GOSIM’s from the ‘Close Meeting’ page

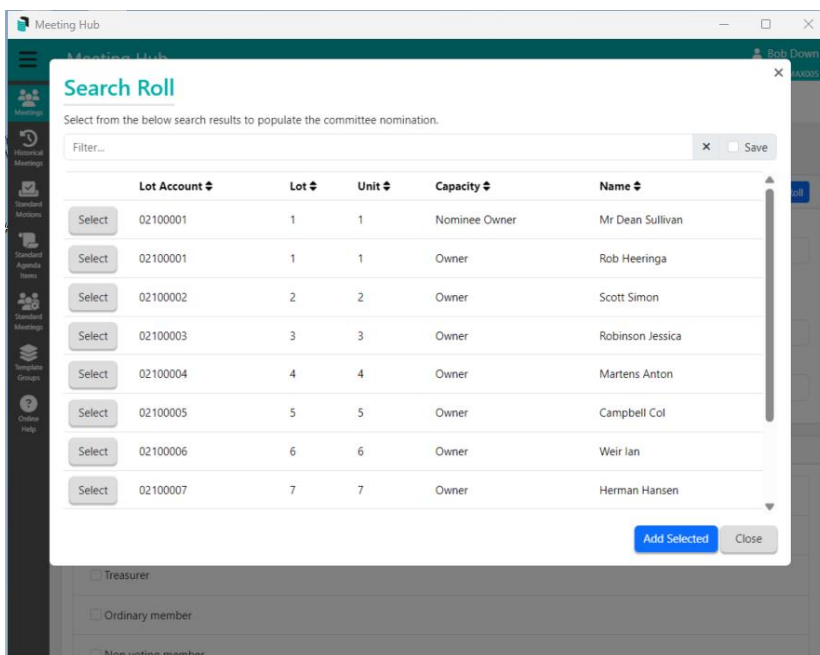

When a group of same-issue motions (GOSIM) is selected from the summary on the 'Close Meeting' page and the GOSIM contains one or more same-issue motions that remain undetermined, the first of these undetermined same-issue motions will now be brought into focus.

## 3. Search the roll for committee nominees

The 'Committee Nomination Details' page has been updated to include a 'Search Roll' button to assist with adding committee nominees.

Upon submitting the 'Search Roll' button the 'Search Roll' page will be presented:

When a record is selected from 'Search Roll' the following fields will be automatically populated on the 'Committee Nomination Details' page:

- Nominee Given Names
- Nominee Surname
- Nominee Lot Number

## What's Better

- When rolling a meeting back from the status of 'Meeting Held' to 'Notice Issued' the meeting date and location fields are no longer enabled
- A meeting is now able to be rolled forward from 'Notice Issued' to 'Meeting Held' with unsaved changes
- Performance and security enhancements have been made in Online Voting, including when merge fields are populated from BCMAX
