TX Ed-Fi Suite 3 API v7.1 Data Standard v4.0: Discipline Incidents

Summary

This event entity represents an occurrence of an infraction ranging from a minor behavioral problem that disrupts the orderly functioning of a school or classroom (such as tardiness) to a criminal act that results in the involvement of a law enforcement official (such as robbery). A single event (e.g., a fight) is one incident regardless of how many perpetrators or victims are involved. Discipline incidents are events classified as warranting discipline action.

Object Triggering

Action	Business Rule(s)
Post	Reports a behavior incident when the incident's Status is marked and saved as "Complete" • Incident must have at least 1 behavior event associated and the event is mapped to an Ed-Fi Value • Posting can occur if a new event is added after Incident is marked as "Complete" • Do not send if the student is in a calendar marked as Exclude • Do not send if the student is in a School marked as Exclude
Put	When data that is not part of the Natural Key is changed • When a new behavior event is added, changed or removed • When the Incident date is changed • When the Location of Incident is changed
Delete/Post	When the Incident's status is changed • Delete when the status is changed from Completed to In Progress • Post when the status is changed from In Progress to Completed

Delete	When an incident is deleted
	When the associated student enrollment is deleted.
	When all Student Discipline Incident Associations are deleted that are associated with this Disciple Incident record
