THE COMPLETE STRATA MANAGEMENT SOLUTION

StrataMax StrataCash TRATAPAY

What's New 3

1. Copying a standard meeting and linked template groups 3
2. Capturing details of a nominator who is a lot owner 3

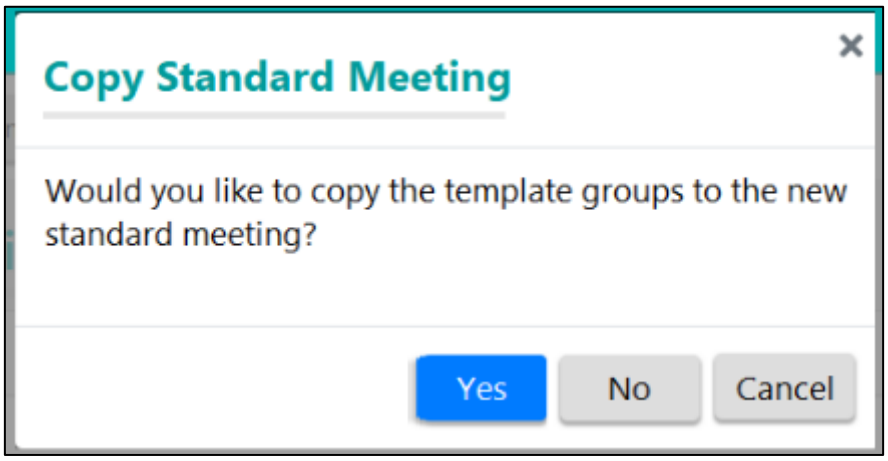
What's Better 5

What's New

1. Copying a standard meeting and linked template groups

The standard meeting copy function has been enhanced to allow you to include the template groups as part of the copy process.

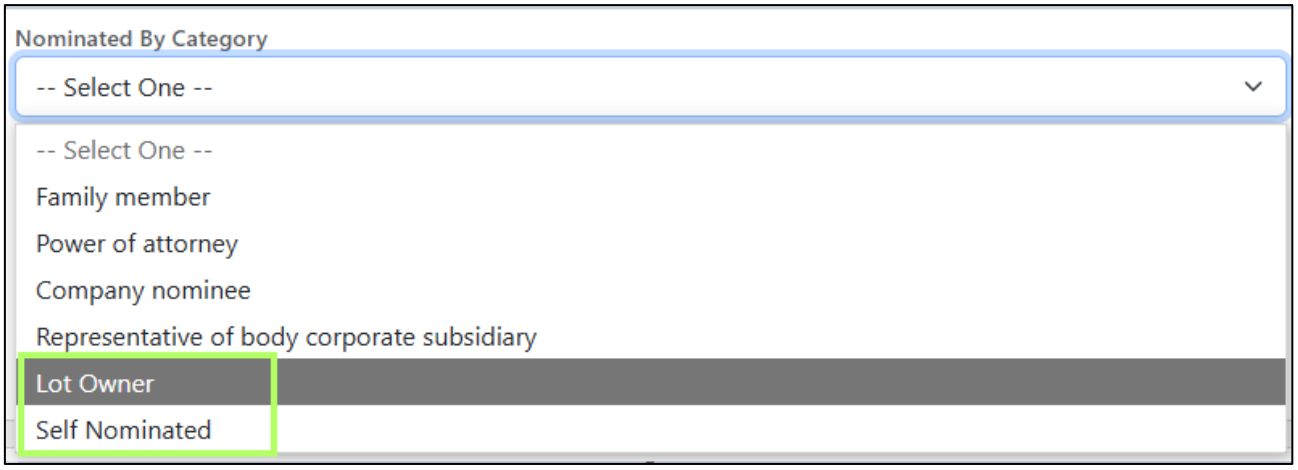
When the 'Copy Standard Meeting' button is the selected for a standard meeting with linked template groups, the following prompt will now be displayed.



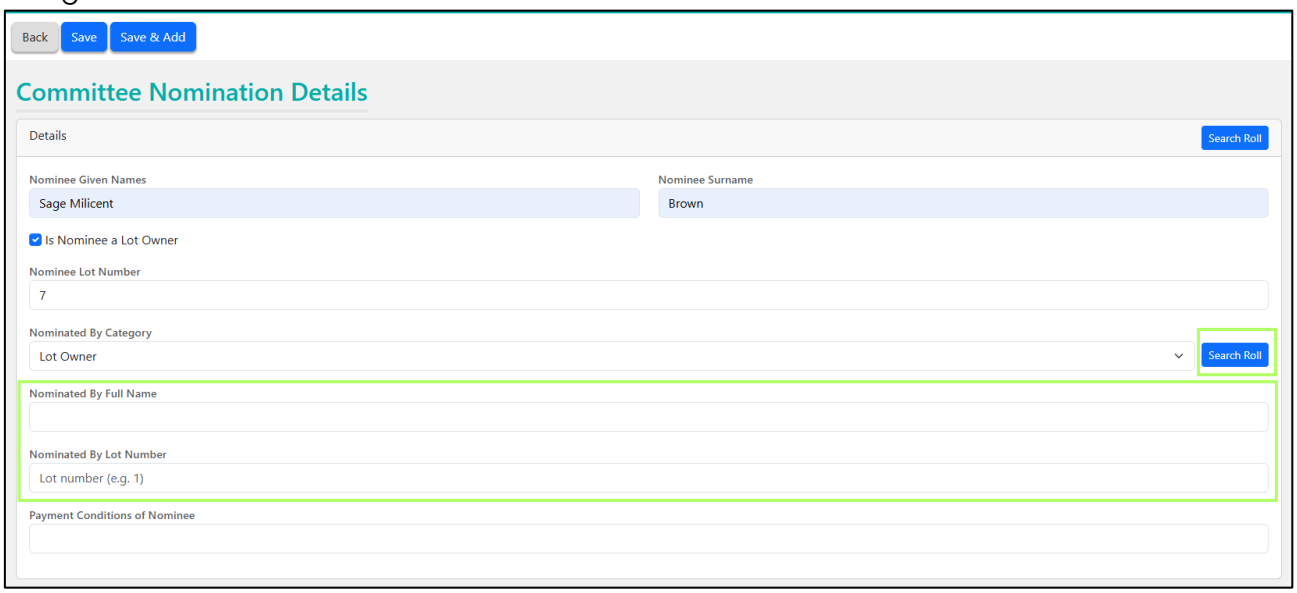
2. Capturing details of a nominator who is a lot owner

The 'Committee Nomination Details' page has been enhanced to allow the details of a nominator to be captured for a committee nominee when the nominator is a lot owner.

The 'Nominated By Category' dropdown has been enhanced to include the options, 'Lot Owner' and 'Self Nominated'.



When 'Lot Owner' is selected, you can capture the 'Nominated By Full Name' and 'Nominated By Lot Number' of the nominator by manually typing in the details or by using the 'Search Roll' function.



What's Better

- VoteMax – It is now clear which position nominees belong to when voting for a committee election in VoteMax
- Meeting Hub – A ballot only meeting that has been rolled back from the status of 'Meeting Held' can now be successfully finalised.
- VoteMax – Joint lot owners of multiple lots in a building who represent different lots in the committee can successfully to vote on committee meetings without receiving an error.
- Meeting Hub – The original body of the motion is no longer being loaded incorrectly into the 'Resolved' and 'Defeated' custom resolution editors.
- VoteMax – Owners with shared ownership on multiple lots across multiple buildings can successfully vote on committee meetings without receiving an error message.
- Updated 3rd party supporting frameworks and libraries in Online Voting to overcome system vulnerabilities
