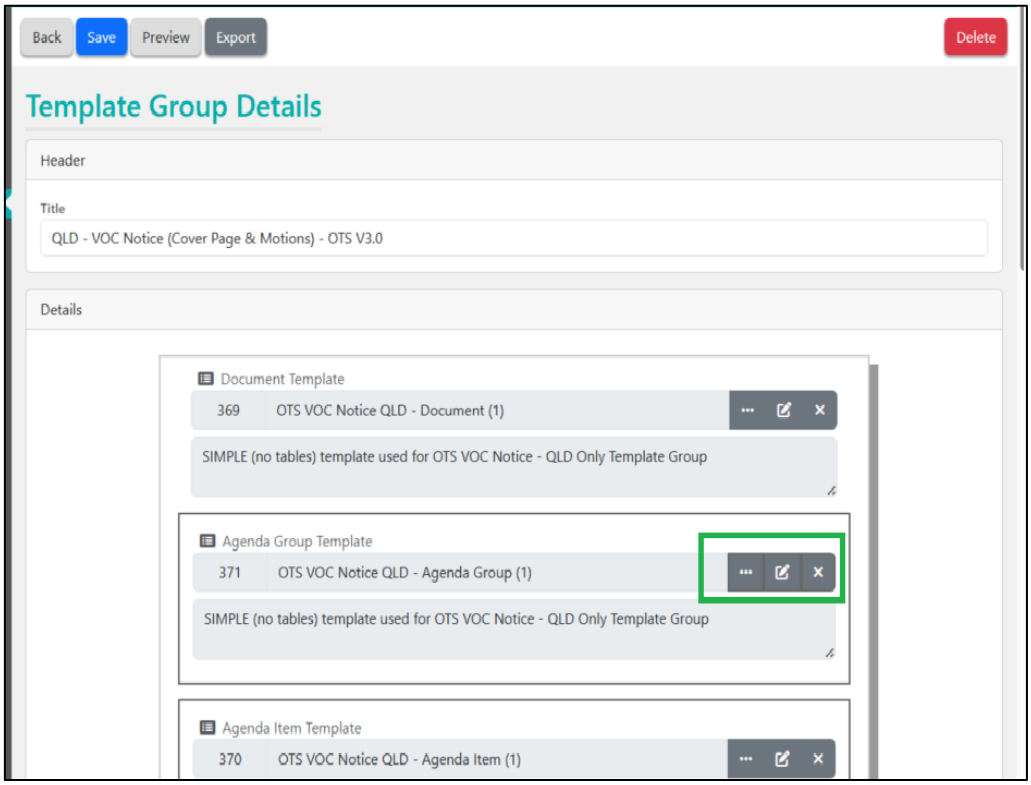
What's New

1. Highlight the last template that was selected

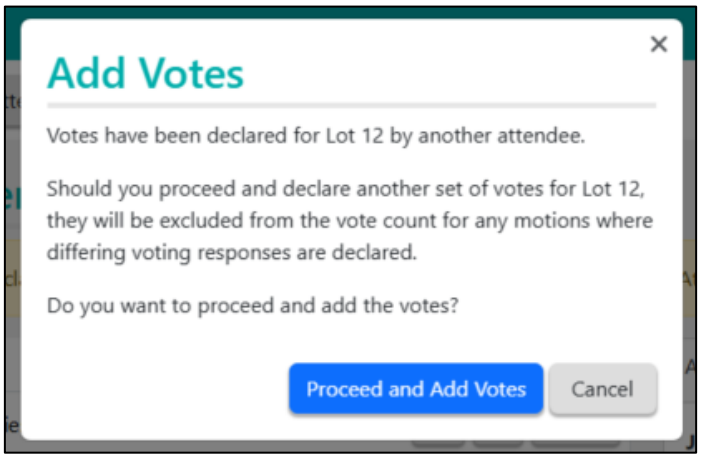
The Template Group Details page in Meeting Hub has been enhanced to highlight the template that was last selected via the select, edit or delete buttons.



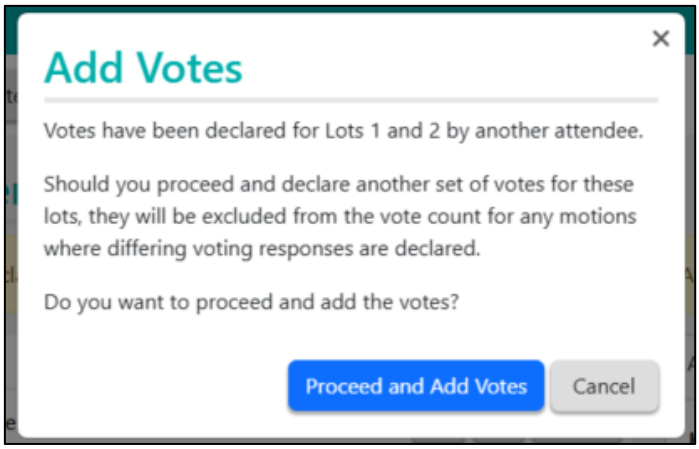
2. Alert managers when votes for a lot are potentially being duplicated.

When adding votes for an attendee/lot combination in Meeting Hub where votes have already been declared for the lot, a new message is displayed to alert the manager of the potential duplication of votes.

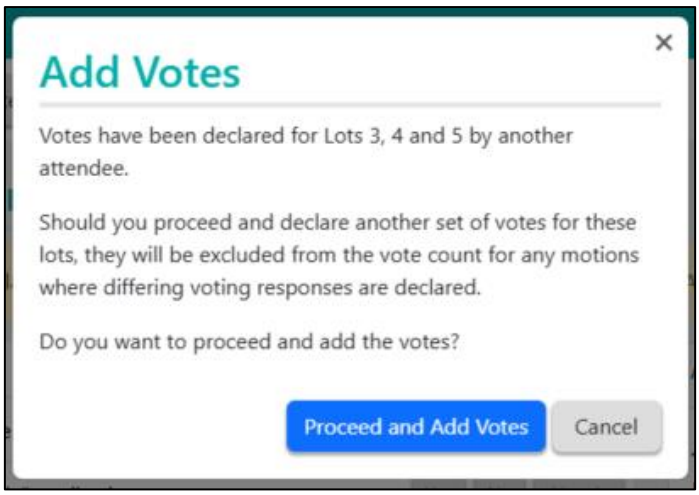
For building type is 'S.F.P', 'B.F.P', or 'V.P', where votes have been declared by another attendee the following message is displayed.



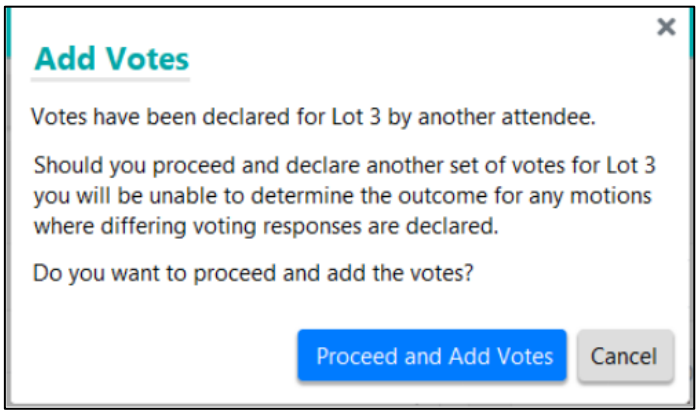
For building types 'S.F.P', 'B.F.P', or 'V.P', where two linked lots have had votes declared by another attendee the following message is displayed.



For building types 'S.F.P', 'B.F.P', or 'V.P', where more than two linked lots have had votes declared by another attendee the following message is displayed



For building type that is not 'S.F.P', 'B.F.P', or 'V.P', where votes have been declared by another attendee the following message is displayed.



For building types that are not 'S.F.P', 'B.F.P', or 'V.P', where two linked lots have had votes declared by another attendee the following message is displayed

Add Votes
Votes have been declared for Lots 3, 4 and 5 by another attendee.
Should you proceed and declare another set of votes for these lots, you will be unable to determine the outcome for any motions where differing voting responses are declared.
Do you want to proceed and add the votes?
