

NEW DVM START CHECKLIST

Use this checklist to prepare for a new doctor to start at your hospital. Complete all tasks prior to and on their first day to ensure a smooth onboarding experience.

Before the First Day

Initial Outreach Email/Call to DVM

- Confirm the DVM's start date, arrival time and who will greet them
- Reminder to bring acceptable documents for I-9 & Veterinary license + DEA copy

Hospital Level Items to Complete

- Prepare schedule and training plan and include key dates
- Set up the workspace and confirm all necessary equipment is available
- Create a file for that DVM in a locked filing cabinet to hold all HR paperwork
- Add them to necessary systems:
 - add to Pulse including adding:
 - veterinary license number
 - signature (for rabies certificate)
 - calendar resource (make sure provider is checked)
 - DVM schedule for next 3 months
 - email Tami Rushing (tami.rushing@wellhaven.com) to be added to Vetstoria
- Add to VRxPro, our online pharmacy, as a provider so they can approve prescriptions
- Create a user account/fingerprint login for Cubex or add as a user if have VetSnap
