Transforming K12 Education®

Summary

California will be collecting Expanded Learning Opportunities (Program 194) participation days.

Due Dates

End of Year Reporting

Scope and Purpose

This report is designed to report days a student has participated in a Program 194 Expanded Learning Opportunities Program.

Transforming K12 Education®

Functional Requirements

Reporting Population and Business Rules

#	Requirement
R1	Reports Student participation days
R1. BR1	One line per student; Sum all Program 194 records for the school year. All students with an active Extended Learning Opportunities Program report, hours are zero if they never attended.
R2	Students do not have to be enrolled on the Reporting Date, just at some time during the year.
R3	Do not report students with State Exclude checked on their enrollment, or in a grade level marked as State Exclude, or in a calendar marked as State Exclude.
R4	Do not report No Show students.
R5	Students with Service Type=N should not report.

Transforming K12 Education®

Report Data Elements

Provide any additional notes here concerning the report that are not captured within the Report Population or Report Data Elements below. If needed, copy the below table for different groupings of data as required by the format. If a very detailed calculation or logic is needed, consider using the Calculation Table found below and reference each calculation uniquely.

#	Seq	Data Element Label	State Description and Logic	Format	Data Source/ Database Location	Required	Length
DE1	1	Record Type	A category describing the type of data record being submitted. Must report LEAP.	Alpha	N/A	Yes	4
DE2	2	Local Record ID	A local use field to provide the system record identifier for a submitted record. This field will flow through the system and be provided back to the LEA to help facilitate locating the original record in their local SIS environment.	Alpha	N/A	No	

| DE3 | 3 | Reporting LEA | A unique identifier for the educational service institution responsible for obtaining and maintaining a student's Statewide Student Identifier by way of an enrollment record in the California Longitudinal Pupil Achievement Data System (CALPADS).

1. Report State District Number for Reporting School.
2. If the reporting calendar is from a School with Type=15: Independently Reporting Charter, report the State School Number instead of the State District Number. IF CDS Number is populated, report CDS number instead of State School Number
3. If the reporting district is from a school with type 16: Secondary District Information, report the secondary district number if populated. If not populated, report State District Number. | NNNNNNN | District Information > State District Number

District.number

School Information > School Type

School.type

School Information > School Number

School.number | Yes | 7 |

Transforming K12 Education®

| DE4 | 4 | Academic Year | A unique identifier assigned to a specific Academic Year. An Academic Year is the period during which school is in regular session and provides a required number of days of instruction. This indicates the school year associated with the file.

1. Report Start Year + End Year in CCYY-CCYY format for the Reporting Date, unless Effective Start Date reported in field 4 is from a different Academic Year.
2. THEN, report the Start Year and End Year from the School Year that contains the Effective Start Date.

For example, if the Reporting Date is 1/1/24 and the Effective Start Date is 6/1/23, the Academic Year would be 2022-2023. | CCYY-CCYY | School Year Setup > Start Year, End Year

Calendar.startYear

Calendar.endYear | Yes | 9 |
| DE5 | 5 | SSID | The unique identifier for the student assigned to or by the first California district in which the student is enrolled in accordance with CDE established standards. This number follows the student from school to school throughout his/her K-12 career.

Report the student's State ID. | Numeric | Demographics > Person Identifiers > State ID

Person.stateID | Yes | 10 |

| DE6 | 6 | Local Student ID | A unique identifier assigned to the student by a local educational agency. This may not necessarily be the same as the identifier assigned to the student at the school level (this refers to situations in which the student has a local district number as well as a local school number, which does not occur in IC).

Report Student's Local Student Number. | A/N | Demographics > Person Identifiers > Student Number

Person.studentNumber | Yes | 15 |

Transforming K12 Education®

| DE7 | 7 | LEA Education Program Code | A coded value for an Education Program. An Education Program represents a set of interdependent or interrelated activities and procedures designed to accomplish a predetermined goal/objective or set of goals/objectives.

Due to the vast nature of Education Programs, the focus is on the Education Programs that are administered by the California Department of Education and with legal data reporting requirements and/or funding allocation purpose, or in some cases, Education Programs that are run locally with no specific source of state or federal funding. An Education Program has one or more of the following characteristics: 1) Authorized by either the Federal or State Legislature; 2) Funded with specific Federal and /or State allocated funding sources; 3) Serve a specific population or used for a specific purpose as stated in the laws or regulations; 4) Is a locally funded and operated program that serves a specific population of students of interest to the California Department of Education and other state or federal agencies.

Currently ONLY Program 194 records should report. | Numeric | Expanded Learning Opportunities > Program Type

ExtendedLearningOpportunity. learningType | Yes | |

| DE8 | 8 | Expanded Learning Program Days | If the student was enrolled in the program, but did not participate, the value of zero is expected.

The value must be a whole number (no decimals), so LEAs should round up to the nearest integer (e.g. if the student particpated for 5 minutes, then report 1 full day). This SPRG record must overlap an enrollment at a school within the LEA; however, it may include days participated outside of the enrollment, but still within the LEA's school year.

Pull from ELOP Days only. | Numeric | Expanded Learning Opportunities > ELOP Days

ExtendedLearningOpportunity. totalProgramDays | Yes | |
