Object Triggering

Action	Business Rule(s)
--------	------------------

Post	Reports when a Behavior Resolution is added to an incident that is marked as Complete and is aligned to a reported Behavior Event. • Only report when role is mapped to the Ed-Fi Value: Perpetrator. • There is a resolution that is mapped to an Ed-Fi Value. • Do not send if the student's enrollment is marked with any of the following: ◦ No Show ◦ State Exclude ◦ WISE Exclude ◦ Parent Placement Pri. School = Yes ◦ School Override set to a different School from enrollment school • Do not send if the calendar is marked Summer School. • Do not send if the calendar is marked as Exclude. • Do not send if the student is in a School marked as Exclude. • Only send a record if the Ed-Fi Config profile = Public. • Students with an active AND Locked IEP that overlaps the resolution start date AND Resolution in ISS, OS, EX, or ES (Ed-Fi codes 02, 03, 04). • IEP Print Format should start with WI IEP OR WI Imported Plan. • Students with NO active AND Locked IEP Must have a Resolution in OS, EX, or ES (Ed-Fi codes 02, 03, 04). • Only send a record if the students State Enrollment Type = Primary. • Report a separate record for each qualifying Resolution, even if they are attached to the same Student/ Participant. • Do not send a record for students who do not have an active locked IEP that overlaps the date of the incident and resolution AND the SPED Exit Date on enrollment is NULL or after the date of incident when they have a mapped discipline action (behavior resolution) <> OS, EX, or ES (Ed-Fi codes 02, 03, 04). 1. If the Resolution is mapped to IS: In-School Suspension, only report if the student has a locked IEP that overlaps the date of the Incident AND the SPED Exit Date on enrollment is NULL or after the date of the incident. 2. If SPED Exit Date on enrollment is after the enrollment start date and on or before the date of the incident, do not report. • Report any students who have any type of expulsion, which are codes 04 and 03.
Put	

Delete /Post	When data that is part of the Natural Key is changed. • If the resolution date is changed do a delete and post. When the Incident's status is changed. • Delete when the status is changed from Completed to In Progress. • Post when the status is changed from In Progress to Completed.
Delete	When the student's enrollment is no longer reportable; marked 1. No Show 2. State Exclude 3. WISE Exclude 4. Parent Placement Pri. School = Yes 5. School Override set to a different School from enrollment school 6. State Enrollment type is changed to not = Primary When the participants are removed or Role is changed so there is no longer a perpetrator. If the Discipline Action is deleted or modified so it is no longer eligible to report. When the student's Student School Association is deleted.

Object Data Elements

Data element labels below in **BOLD** are part of the natural key of this resource and are required data elements for the record to send through Ed-Fi.

- The Mandatory / Conditional / Optional column indicates what the state requires for each data element.
- The Uses Core Template Rules column indicates if the element uses Infinite Campus Core Ed-Fi rules, has been Localized using DOE rules, or the element has been added by a DOE as an Extended Element.

	Data Element Label	Business Rule(s)	Mandatory/ Conditional/ Optional	Tool Path	Database Field	Uses Core Template Rules (Y/N/EXT)
1	disciplineActionidentifier (string)	<i>Identifier assigned by the education organization to the discipline action</i> 1. Reports the Resolution ID	M	Behavior	BehaviorResolution. resolutionID	Y
2	disciplineDate (string)	<i>The month, day, and year of the discipline action</i> 1. Reports the Resolution Start Date	M	Behavior	BehaviorResolution. timestamp	Y

3	disciplines / disciplineDescriptor (array / string)	<i>This descriptor defines the type of action or removal from the classroom used to discipline the student involved as a perpetrator in a discipline incident.</i> 1. Report a separate record for each Resolution 2. Report the Ed-Fi Code Value for the Resolution Type selected based on the State Mapped Resolution Code mapped to the Resolution Type 3. Do not Report if the Resolution is not mapped to a State Code 4. If the Resolution is mapped to IS: In-School Suspension, only report if the student has a locked IEP that overlaps the date of the Incident AND the SPED Exit Date is NULL or after the date of the incident	M	Behavior	BehaviorResolution.code	N
4	studentDiscipline IncidentAssociations / studentDisciplineIncident AssociationReference (array / reference)	<i>Reference to the DisciplineIncident associated with the DisciplineAction.</i> 1. Report the reference from the Discipline Incident record the resolution is associated with	M	N/A	N/A	Y
5	responsibilityschoolReference (reference)	<i>A reference to the related School resource</i> 1. Reports the fields that are part of the Natural Key for the Schools resource of the school where the incident occurred.	M	N/A	N/A	Y
6	studentReference (reference)	<i>A reference to the related Student resource</i> 1. Report the reference from the Student record for the student associated with the Resolution	M	N/A	N/A	Y

8	studentDisciplineIncidentBehaviorAssociations / studentDisciplineIncidentBehaviorAssociationReference (array / reference)	An unordered collection of disciplineActionStudentDisciplineIncidentBehaviorAssociations. A reference to the behavior(s) by the student that led or contributed to this specific action. 1. Report the reference from the Discipline Incident record the resolution is associated with	O	N/A	N/A	Y

9	disciplineActionLength	<i>The length of time in school days for the Discipline Action (e.g. removal, detention), if applicable.,</i> - If the Resolution type is NOT mapped to EX (Expulsion) or ES (Expulsion with Services) - Report the Duration in School Days - If Duration = 0 or NULL or < .5 days, do NOT generate a Discipline Actions record from this Resolution - If Duration is > .5 days round to the nearest .5 day. Example: 2/3 day would be 1, 1.2 days would be 1.5 days - If Resolution Type = Expulsion (EX) or Expulsion with Services (ES) - Check if Resolution End Date is after the Calendar End Date - Check if a Return Date is entered - If return date is entered, calculate the length. See Appendix A for calculation - Otherwise, report the Duration in School Days - Note: 0 length DOES report for these resolution types - Report to 1 digit beyond the decimal. Decimal may be .0 or .5 only	O	Behavior		N
