

Momentum Wealth: Retirement Income Option

Draw a regular income after you've retired, and invest to grow your money at the same time

You've been financially preparing, and now it's time to enjoy your retired life - with a regular income and options to make your money grow as well.

Your savings and investments before you retire should set you up for a comfortable retirement, because once you've retired, you need to make sure that you can get more growth while living off the income you draw from those investments.

Make your money work for you when you retire

Momentum has different products that you can use to draw an income during your retirement.

One of these products is the **Retirement Income Option**, an investment-linked income product (also called a living annuity) from which you draw a regular income for the rest of your life as long as there is money in your investment. If you want to protect your future income, you can choose to allocate a portion of your money to the **Guaranteed Annuity Portfolio** from which you will receive a regular guaranteed income for as long as you live.
