

# Momentum Insure Business Insurance

Flexible business insurance solutions to suit your unique South African business needs

**More than 70% of South Africans feel unsafe most of the time.**

We've engineered our competitive and comprehensive short-term insurance to protect your business from a wide range of unforeseen events.

## The Science of Safety from Momentum Insure

We believe that when you feel safe, you have the confidence to handle any situation. Momentum Insure is committed to taking a leading position on making you feel safe and giving you the confidence to remove uncertainties and live life optimally. When you feel safe and secure, your confidence grows, and you gain momentum on your journey to success.

## We keep your business safe

We understand that your business is unique, that's why we design your **cover based on your business needs**.

We provide insurance cover for a range of different business needs, ranging from stand-alone insurance cover to customised add-ons that protect your property against unforeseen incidents, losses, and damages.

When it comes to claims, we understand that engaging with you in a quick and efficient manner is important. That's why our claims consultants will handle your claim from the get-go and answer all your questions and concerns to ensure you're up and running in no time. For annual increases, your premium is based on your individual business profile rating.

## Giving you the confidence to feel safe and rewarding you for it

You automatically enjoy a host of **free benefits and rewards**:

- With the **Momentum App** you can also access your policy, submit claims and request a call-me-back for one of our call centre agents to contact you. Available from the [Google Play Store](#), [Huawei App Gallery](#) or [iOS](#).
- 24-hour assistance with **Momentum Assist** for assistance for emergencies on the road, at home, at the office, as well as medical and legal emergencies.

## Business Insurance from Momentum Insure

At Momentum Insure we protect more than just your car, home and hard-earned personal belongings, we protect you and your loved ones too. This is what we call the science of safety.
