State Enrollment Type = P: Primary 2. State Enrollment Type = PPP 3. Enrollment Service Type = P: Primary 4. Enrollment Service Type = N: Special Ed • If the enrollment record is marked State Exclude or WISE Exclude AND 'Eval Only Student' is checked, send a sSEPEA record along with a studentEducationOrganizationResponsibilityAssociations record ○ Note: This is for students who are technically not enrolled or attending the district. This includes homeschooled, private school students, and 0-3 year old students who are just being evaluated • If the student has an enrollment marked as No Show, do not send a record • Do not send a student record for an enrollment that is marked as State Exclude, No Show, or WISE Exclude UNLESS the 'Eval Only Student' checkbox is checked • If Ed-Fi Configuration Profile = Choice OR Choice + Private Opt In, do not send a record • Do not send a record if enrollment is in a calendar marked as State Exclude or Summer School or if the calendar is in a School marked Exclude • Post a record for each unique, locked Eligibility Report Eval with an Evaluation Type = Initial with all data fields reporting from the same Eval • Post a new record when a new Eligibility Report Eval record is created and locked with an Evaluation Type = Initial ○ Note: Eval Eligibility Determination Dates cannot overlap • When the locked Eligibility Report Eval overlaps multiple school years, report 1 record based on the Consent Date
Put	When any field that is not part of the natural key is changed
Delete /Post	When a locked Eligibility Report Eval is edited and relocked with a change to any of the fields not part of the natural key When a School Override is set on Enrollment

Delete	When a locked Eligibility Report Eval is deleted for a student
	When a locked Eligibility Report Eval is unlocked
	When an enrollment is deleted that triggered a SSEPEA record or the enrollment is marked No Show and Eval Only Student = checked
	When an enrollment is deleted or the enrollment is marked No Show or the 'Eval Only Student' is unchecked
	DELETE on /studentEducationOrganizationResponsibilityAssociation Then DELETE on /studentSpecialEducationProgramEligibilityAssociation
	LEAs should not be able to delete SEORA when there is a SSEPEA and no other SSA in the LEA
	If the Eligibility Report Eval Eligibility Determination Date OR the Enrollment Start or End Dates have been updated so the locked Eval and Enrollment no longer overlap, delete the record if one was created
	When a student has two enrollments in the same school for the same start date, record changes with lower priority will not trigger a delete
