Version Control

Version	Date	Author(s)	Brief Description of Change
1.0	8/13/2025	Michele Johnson	Updated FRD to new template

Overview

Summary

This collection is used to load online testing data for assessments students will be taking in the coming school year. It consists of several different formats, based on the particular set of assessments that students are planning on taking.

Due Dates

ongoing - due dates:

Collection Version	Date
2016ACT1.0AsmPre	
2016EOCFAL1.0AsmPre	Sept 18th
2016EOCFAL1.0AsmPre	Nov 6th
2016EOCSPR1.0AsmPre	Jan 29th
2016EOCSPR1.0AsmPre	March 4th
2016EOCSPR1.0AsmPre	Apr 1st

Scope and Purpose

The purpose is to provide data to the state ahead of a student's scheduled taking of an assessment.

This report contains student name and id information

Functional Requirements

Reporting Population and Business Rules

#	Requirement
R1	Report one record per student per subject
R2	If student does not have any Course where Assessment Subject is populated, a blank record will report for the student with Subject and Teacher Name fields blank. If Section > Assessment is not set, report Teacher Name fields blank.
R3	Report students enrolled on effective date of report generation
R4	If Report State Excluded Students checkbox is checked on the Extract Editor, Reports students where enrollment state exclude is checked
R5	If Report State Excluded Students checkbox is not checked on the Extract Editor, do not Reports students where enrollment state exclude is checked
R6	Do not report Enrollments with "No Show" = checked
R7	If a student has two enrollment records, for the same calendar then pull data from the Primary enrollment
R8	If no primary enrollment, then report Special Ed, if no Special Ed, then Report Partial
R9	If a student has two Primary Enrollment records, then report the primary enrollment that is active on the effective date.
R10	There must be at least one Assessment Pre-Code record in the file.

MAPSPR Assessment:

1. Report via course if all of the following is true:
 - a. Student must be rostered into something

- b. Assessment Type (Course > Section > Assessment Type) = 'MAPSPR'
- c. Assessment Subject (Course > Assessment Subject) must be one of the following:
 - i. 'SC', 'MATH' or 'ELA'
 - 1. Grade (*Student Information > General > Enrollments > Grade*):
 - a. '03'
 - b. '04'
 - c. '05'
 - d. '06'
 - e. '07'
 - f. '08'
 - 2. If the course set up is not all true, report via Enrollment if all of the following is true:
 - a. Student must be rostered into something
 - b. MAPA checkbox = checked
 - c. Grade (*Student Information > General > Enrollments > Grade*):
 - i. '03'
 - ii. '04'
 - iii. '05'
 - iv. '06'
 - v. '07'
 - vi. '08'
 - vii. '09'
 - viii. '10'
 - ix. '11'
 - x. '12'
 - 3. If the Enrollment set up is not all true, report based on Grade/Enrollment if all of the following is true:
 - a. Student must be enrolled
 - b. Grade (*Student Information > General > Enrollments > Grade*):
 - i. '03'
 - ii. '04'
 - iii. '05'
 - iv. '06'
 - v. '07'
 - vi. '08'

MAP Assessments:

- 1. If Assessment = 'MAPSPR' then StudentGradeLevel must be '03','04','05','06','07', or '08'.
 - Report one record per student in grade 3-8 who is actively enrolled on Effective Date of report generation Extract Editor

- Report codes ELA, MATH and SC for students in grades 05, 08 and 11.
- 2. Now look for courses where Course > Assessment Subject code = ELA, MATH and SC. Report a record for each subject area if the student is enrolled in a course section with the associated assessment subjects.
 - If subject code is null, do not report the primary teacher first and last name and email. These courses will be excluded when subject area is null.
 - If student fits report population but is not rostered in any course where subject area = ELA, MATH or SC, report one record for the student with the fields associated with course and section data reporting blank.
- 3. When Course > Assessment Subject code = ELA, MATH and SC, next, look for sections where assessment type = MAPSPR. Report the primary teacher's email and name data from that section. (section must have the subject type associated with it for multiple records to report)
 - If Course > Assessment Subject code = ELA, MATH and SC but no section has assessment type = MAPSPR, report a record for students enrolled in Course > sections but report associated teacher data as blank.

EOCSPR, EOCFAL and EOCSUM Assessments:

- If Assessment Type = 'EOCSPR', 'EOCFAL', or 'EOCSUM' then:
 - Reports students in "any HS grade" - selected in Extract Editor
 - Assessment Type must be defined on the Section Editor of a course.
 - It appears that, if there is no Teacher or Primary Teacher record associated with a specific, otherwise-reportable course/section, the record is totally excluded from the output
 - Course Assessment Subject = 'ENGLI2','ALGEB1','BIOLO1','AMGOV1'

LEP/ELL Assessment:

- If Assessment Type = LEP/ELL students can be any grade level K-12.
 - Logic will be used to determine LEPELL Pre-code records:
 - First, determine the student's LEPELL status-
 - For any actively enrolled student, in grade levels K-12, consider any LEP record where the First Year Monitoring date is NULL:
 - If the Program Status = LEP **OR** Pending, return a record in the extract for that student
 - LEPELL TstMethod is hard coded as PENPAP.

EOCEXP: EOC Assessment:

- If Assessment Type = EOCEXP: EOC Exceptions then StudentGradeLevel MUST be '12'.
 - ONLY students with an active enrollment on the effective date selected on the extract editor where grade = 12
 - May be 0-4 records per student, with up to 1 record per student for each of the 4 required EOC Assessment subjects for which an exception result is returned

- Required EOC Assessment subjects are reported in the Subject extract field and the state codes include ENGLI2, ALGEB1, BIOLO1, AMGOV1. These subject codes **MUST** be set up on the assessment or else the student will not report.
 - Do not return > 1 record for each the above state codes per student in the Subject field
 - *Sort file by student's last and first name*
- Return 1 record per assessment with an exception result where:
 - ☐
 - - Assessment> Test> Test Detail> State Code = EOC **AND**
 - student's Assessment> Test Scores> Test Score Detail> Result = EOCEX1 or EOCEX2 or EOCEX3 or EOCEX4
 the extract's Assessment field should return the Exception code selected. *report all such EOC exception results with any date for students in the reporting population.*
 - OR**
 - Return 1 record per student for each of the 4 required EOC assessments (4 total per student) where:
 - Student Info> General> Enrollments> Special Ed Fields> Map-A = checked with the extract Field: Assessment returning value = EOCEX3
 - Required EOC Assessment Subject Codes include ENGLI2, ALGEB1, BIOLO1, AMGOV1
 - Return 4 records per student where Map-A = checked, one for each of the above state codes in the Subject field
 - Each of the 4 records return with the Assessment field value = EOCEX3

ACT: ACT Assessment:

- If Assessment Type = ACT: ACT, Reporting population =
 - a. Report all 11th grade students (State Grade = 11 : Eleventh Grade) actively enrolled in the Calendar selected for reporting as of Effective date of report generation.
 - b. Report one record per 11th grade student. If the student has more than one enrollment with the same FTE and the same enrollment type in different schools, the latest school of enrollment will report.
- 1. First report from enrollment with the highest *Percent Enrolled(Out of 100) (state reporting fields) as of effective date of report generation.
 - a. If there are multiple enrollments where Percent Enrolled is equal report from enrollment where service type = P : Primary.
 - i. If no primary enrollment, report from enrollment where service type = S : Partial.
 1. If no partial enrollment, report from enrollment where service type = N : Special Ed Services
 - a. Finally if there are multiple enrollments with the same date after the above logic, report from the highest enrollment ID.
 - b. If only one school is selected when generating the report, report the 11 graders enrollment in that school with the above logic
 - c. If multiple schools are selected when generating the report and the student has enrollments in different school, use the above logic to report only one record per 11th grade student

2. Do not report students in Calendars checked exclude or state excluded students (state reporting fields > State Exclude) or students marked No Show on their enrollment.
- c. Fields 115, Test Method - field 155, Examiner Email will all report blank.

DE130	EDFirstName	Educator Last Name is required when Assessment is EOCFAL, EOCSUM, EOCSPR, OR LEP/ELL. MAPSPR : Report primary teacher's first name and last name, from the primary teacher who is active as of report generation end date. (Primary teacher > Current Identity > First Name and Last Name) 1. Report when Course > Assessment Subject = ELA, LEP/ELL, MATH or SC and Course > Section > Assessment Type = MAPSPR a. If the teacher's first name is blank, report blank, but continue to report out an overall record b. If student does not have any courses where subject area = ELA, MATH or SC, report one record for the student with fields 130, 135 and 155 = blank. Pull the information for both fields from the most recent active primary teacher record as of the date range entered in the extract editor. • IF Assessment Type = EOCEXP, value = NULL all records • IF Assessment Type = ACT report blank for all records Field Required Status: <table><tr><th>EOCEXP</th><th>LEP/ELL</th><th>OTHERS</th></tr><tr><td>O</td><td>R</td><td>C</td></tr></table>	EOCEXP	LEP/ELL	OTHERS	O	R	C	Course/Section > Sections > Staff History > Primary Teacher (First Name)		
EOCEXP	LEP/ELL	OTHERS									
O	R	C									

DE135	EDLastName	Educator Last Name is required when Assessment is EOCFAL, EOCSUM, EOCSPR, OR LEP/ELL. MAPSPR : Report primary teacher's first name and last name, from the primary teacher who is active as of report generation end date. (Primary teacher > Current Identity > First Name and Last Name) 1. Report when Course > Assessment Subject = ELA, LEP/ELL, MATH or SC and Course > Section > Assessment Type = MAPSPR a. If the teacher's last name is blank, report blank, but continue to report out an overall record b. If student does not have any course's where subject area = ELA, MATH or SC, report one record for the student with fields 130, 135 and 155 = blank. Pull the information for both fields from the most recent active primary teacher record as of the date range entered in the extract editor. • IF Assessment Type = EOCEXP, value = NULL all records • IF Assessment Type = ACT report blank for all records Field Required Status: <table><tr><th>EOCEXP</th><th>LEP/ELL</th><th>OTHERS</th></tr><tr><td>O</td><td>R</td><td>C</td></tr></table>	EOCEXP	LEP/ELL	OTHERS	O	R	C	Course/Section > Sections > Staff History > Primary Teacher (Last Name)		
EOCEXP	LEP/ELL	OTHERS									
O	R	C									
DE140	Subject	Must be unique with StateID, Subject, and Assessment within the file. Each student can only be reported once per Subject per Assessment type. MAPSPR : Report when Course > Assessment Subject = ELA, MATH or SC	If Assessment Type is EOCFAL, EOCSUM or EOCSPR - Course /Section > Course > Course Editor > <u>Assessment Subject - MO</u> If Assessment Type								

1. Report codes ELA and MATH for students in grades 03-12
 - a. Report up to 2 records for students in grades 03-12
2. Report codes ELA, MATH and SC for students in grades 05, 08 and 11.
 - a. Report up to 3 records for students in grades 05, 08 and 11
3. If student does not have any course's where subject area = ELA, MATH or SC, report one record for the student with field 140 = blank.

When Assessment Type is EOCFAL, EOCSUM or ECOSPR, return value pulls from Assessment Subject on the Course Editor. Valid Options: ALGEB1: Algebra I ALGEB2: Algebra II ENGLI1: English I ENGLI2: English II BIOLO1: Biology I GEOME1: Geometry I INTMA2: Integrated Math II INTMA3: Integrated Math III AMGOV1: American Government I AMHIS1: American History I

When Assessment Type is EOCEXP: EOC Exception, the return value is pulled from the Test Detail in one of two ways, depending on user setup:

1. Look for the following user-entered state codes in System Admin> Custom> Attribute/Dictionary> Test> Test Type> Dictionary Detail- If the state codes are not entered on the Dictionary Detail as described above, **return value is mapped to the Subject from the Test Detail as follows:**
 - a. ENGLI2
 - b. ALGEB1
 - c. BIOLO1
 - d. AMGOV1
 - If ALL state codes are entered in the Dictionary Detail, **return value is state code for user entry on the System Admin> Assessment> Tests> Test Detail> Subject**

The below conversion logic will not be done:

is EOCEXP: EOC Exception - System Admin > Assessment > Tests > Tests > Test Detail > Subject

Test Detail Subject	Subject Extract return value (state code)
Comm Arts	ENGLI2
Math	ALGEB1
Science	BIOLO1
SocialStud	AMGOV1

OR

Where Student Info > General > Enrollments > Special Ed Fields > Map-A = checked, return a record for each of the 4 state assessment subject codes (ENGLI2, ALGEB1, BIOLO1, AMGOV1). Do not return > 1 record for each of the above state subject codes per student in the Subject field. If > 1 assessment record with an EOC exception code exists for a student for one of the 4 required EOCs, use the record where the Date on the Test Score Detail is the most recent.

- IF Assessment Type = ACT report blank for all records

Field Required Status:

ECOCEXP	OTHERS
R	C

DE145	Period	Period is required when Assessment is EOCFAL, EOCSUM, EOCSPR, or any of the MAPSPR assessment types (MATH, ELA, SC). Period is required for all Assessment types. only report the valid Options: 01 02 03 04 05 06 07 08 09 10 Else report as Null Field Required Status: <table><tr><td>ECOCEXP</td><td>OTHERS</td></tr><tr><td>O</td><td>R</td></tr></table>	ECOCEXP	OTHERS	O	R	Course/Section > Sections > Section Editor > Section Schedule Placement		
ECOCEXP	OTHERS								
O	R								

DE150	Sort	If Assessment is 'MAPSPR' then SORT value is expected. The Map Sort is on the Section of a course. • If the Map Sort value 1: Room Number is selected, then report the room number of the section the student is on the roster of. • If a section or the course for a section is flagged as homeroom, and the Map Sort value is 2: Homeroom teacher, then report the last name of the primary teacher of the section the student is on the roster of. • IF Assessment Type = EOCEXP, value = NULL all records • IF Assessment Type = LEP or ACT report blank for all records Field Required Status: <table><tr><th>EOCEXP</th><th>OTHERS</th></tr><tr><td>O</td><td>C</td></tr></table>	EOCEXP	OTHERS	O	C	Student Information > General > Assessment Precode > MAP Sort		
EOCEXP	OTHERS								
O	C								

DE155	ExaminerEmail	Return the email address, if exists, for the individual returned in the Educator First Name and Educator Last Name fields. MAPSPR : Report primary teacher's > Email, from the primary teacher who is active as of report generation end date. (Primary teacher >Current Identity > Email) 1. Report when Course > Assessment Subject = ELA, LEP/ELL, MATH or SC and Course > Section > Assessment Type = MAPSPR a. If the teacher's email is blank, report blank, but continue to report out an overall record b. If student does not have any course's where subject area = ELA, MATH or SC, report one record for the student with field 155 = blank. If no email address exists, return blank • IF Assessment Type = ACT report blank for all records Returns for the : EOC Fall, Spring and Summer reports and LEP/ELL report and MAPSPR : MAP extracts. For all other assessments, return blank within the column	Census > People > Demographics > Personal Contact Information > Email		
-------	---------------	---	---	--	--
