

Focus on the Ingwe Option

The Ingwe Option provides affordable access to entry-level cover. For your hospitalisation cover, you can choose to use the Connect Network of private hospitals, the Ingwe Network of private hospitals or Any hospital.

For chronic treatment and day-to-day benefits, such as GP visits or prescribed medicine, if you choose Connect Network hospitals, you need to use State facilities, if you choose Ingwe Network hospitals, you need to use Ingwe Primary Care Network providers, or if you choose Any hospital, you need to use Ingwe Active Network providers. View a list of network providers on the Momentum App, momentummedicalscheme.co.za, or WhatsApp or call us on 0860 11 78 59.

You are also covered for three virtual GP consultations per year from the GP Virtual Consultation Network, which includes Hello Doctor. This means that you can have a virtual consultation with a qualified doctor, from the comfort of your home, or wherever you may find yourself at the time. If you need more day-to-day benefits, you can make use of Momentum HealthSaver⁺. HealthSaver is a complementary product offered by Momentum that lets you save for medical expenses not covered on your option.

The Health Platform Benefit provides cover for a range of preventative care benefits. If you choose Ingwe Network hospitals or Any hospital, Health Platform Benefits are only available from your chosen Primary Care Network provider, except for health assessments, maternity programme benefits and baby immunisations, which are available at any healthcare provider. If you choose Connect Network hospitals, you may use any healthcare provider.

This focus page summarises the 2026 benefits available on the Ingwe Option. Scheme Rules always take precedence and are available on request.

⁺Momentum Medical Scheme members may choose to make use of additional products available from Momentum Group Limited and its subsidiaries as well as Momentum Multiply (herein collectively referred to as Momentum). Momentum is not a medical scheme and is a separate entity to Momentum Medical Scheme. Momentum products are not medical scheme benefits. You may be a member of Momentum Medical Scheme without taking any of the products offered by Momentum.

Major Medical Benefit

There is no overall annual limit for hospitalisation. This benefit provides cover for hospitalisation and certain specialised procedures/treatment at either the Connect Network of private hospitals, the Ingwe Network of private hospitals or Any hospital, depending on the provider you have chosen. Claims are paid up to 100% of the Momentum Medical Scheme Rate. Under the hospitalisation benefit, hospital accounts and related costs incurred in hospital (from admission to discharge) are covered – provided that treatment has been authorised.

The specialised procedures/treatment that are covered do not necessarily require admission to hospital and are included in the Major Medical Benefit – provided that the treatment is clinically appropriate and has been authorised.

If authorisation is not obtained, a 30% co-payment will apply on all accounts related to the event and the Scheme would be responsible for 70% of the negotiated tariff, provided authorisation would have been granted according to the Rules of the Scheme. In the case of an emergency, you or someone in your family or a friend must obtain authorisation within 72 hours of admission.

If you have chosen Connect Network hospitals or Ingwe Network hospitals and do not use these providers, a 30% co-payment will apply on the hospital account.
