Lone Star College Star Bundle Instructions

To access a Top Hat lab manual or textbook, please open a Google Chrome or Mozilla Firefox browser and go to www.tophat.com/register and click on **I'm a Student.**

Go through the prompts to get your Top Hat student account created. Use your Lone Star email address and set up a password.

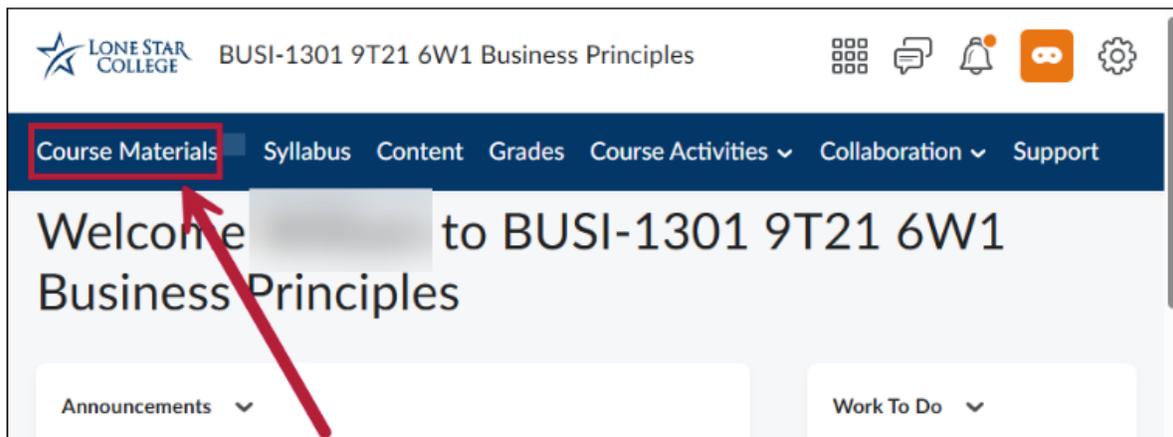

Next, instead of searching for your textbook or course in Top Hat, open a second tab in your browser and navigate to the Lone Star College Online Book Store and click **[Log In]** in the top corner.
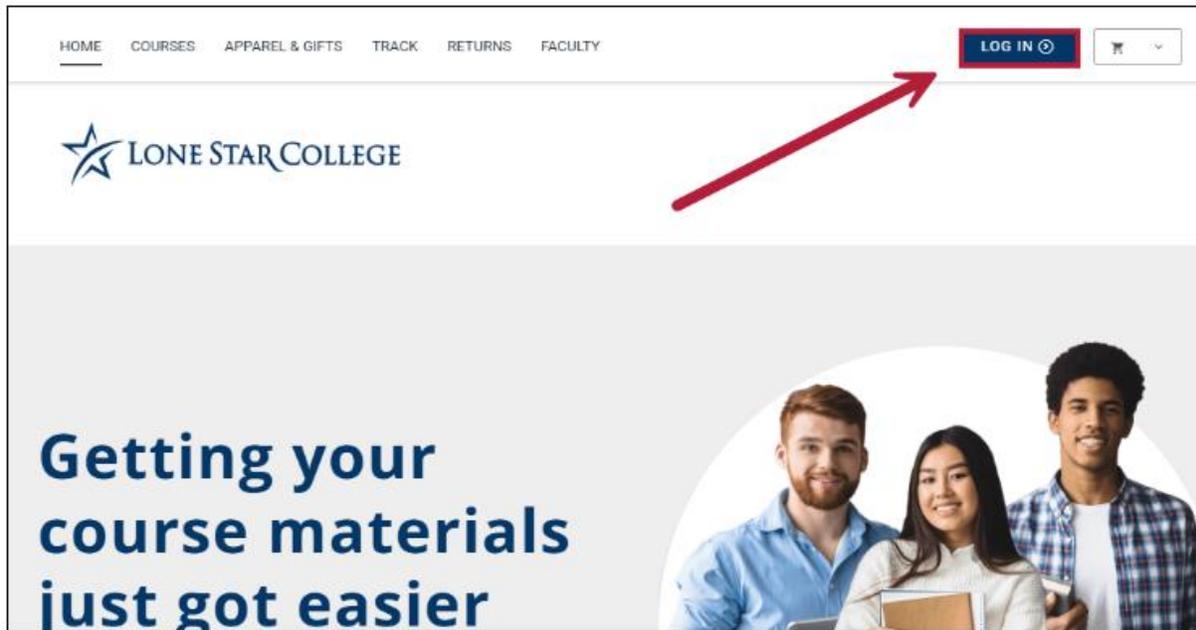

From your D2L Homepage, navigate to Course Materials.

Once you have clicked into Course Materials, you should see a link to your Top Hat textbook or lab manual. It should look something like this. Then, Click Open.

Top Hat should come up, and you can log-in using your Lone Star email and new password or if you are already logged in to Top Hat from when you created your account, you will be taken directly into your textbook or lab manual.

Anything that is assigned to you by your instructor will reside there.

Be sure you are on the Content Tab and not the Classroom Tab.
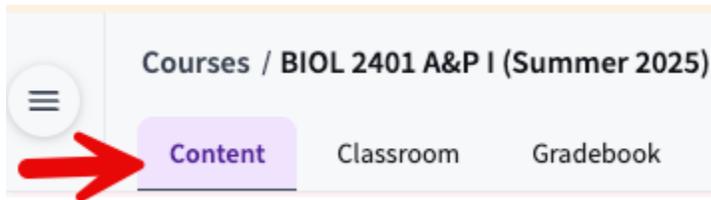

To navigate to your Top Hat Course Lobby to see all of the classes you have where you use Top Hat, you will click on the three lines and choose My Courses from the Dropdown.
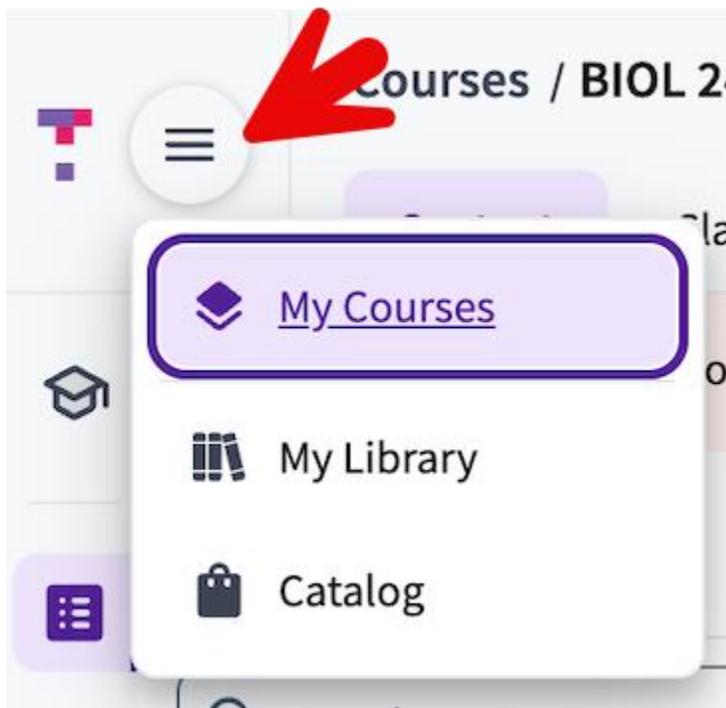

For more information about the Star Bundle or for information about how to opt-out of the Star Bundle please visit the VLAC Help Website.

Have a great semester!!
